METROPOLITAN BASKET BALL CHAMPIONSHIP

BY FRED L. GROSS

Chairman Metropolitan Association A. A. U. Basket Ball Committee

The championship basket ball games of the Metropolitan Association of the A. A. U. were this year played at the Young Men's Hebrew Association gymnasium in Manhattan.

Before beginning the tournament, a meeting was held by the committee at the St. Bartholomew's Club in Manhattan, at which by agreement embodied in the entry blanks, all the teams were represented, and all causes for protest which might exist against any of the men entered were to be made and heard. But one protest was made, and that was against one of the players on the ground that he had recently competed for a club other than the one he was entered from. The committee sustained the protest and struck the name of this man from the entry list, whereupon the team on which he was entered withdrew its entry and did not play.

The following clubs entered teams which were accepted by the committee:

Xavier Club; St. George A.C.; Brooklyn Central Y.M.C.A.; New York A. C.; Atlas A.C., and West Side Y.M.C.A. of Manhattan.

GEORGE T. HEPBRON

Secretary Amateur Athletic Union National Basket Ball Committee.

Each team played every other team with the following result :

- April 3—Central Y.M.C.A., 37; Atlas A.C., 24.
 5—N.Y.A.C., 31; St. George, 25.
 Xavier, 55; Atlas A.C., 18.
 8—N.Y.A.C., 20; Atlas A.C., 18.
 Central Y.M.C.A., 28; West Side Y.M.C.A., 17.
 10—Central Y.M.C.A., 56; St. George, 14.
 12—St. George, 30; Atlas, 23.
 N.Y.A.C., 34; Xavier, 18.
 15—Xavier, 34; Central Y.M.C.A., 8.
 N.Y.A.C., 25; West Side Y.M.C.A., 17.
 17—Xavier, 35; West Side Y.M.C.A., 19.
 N.Y.A.C., 32; Central Y.M.C.A., 28.
 22—Xavier, 41; St. George, 26.
 Atlas, 2; West Side Y.M.C.A., 0 (forfeited).
 24—St. George, 2; West Side Y.M.C.A., 0 (forfeited).

At the end of the tournament the teams stood as follows :

Teams.	Won.	Lost.	Per cent.
N.Y.A.C.	5	0	1.000
Xavier	4	1	.800
Central Y.M.C.A.	3	2	.600
St. George.....	2	3	.400
Atlas	1	4	.200
West Side Y.M.C.A. ...	0	5	.000

The New York A.C. team was composed of the following men: Marcus L. Hurley, B. R. von Sholly, Geo. G. Moore, Jr.; Harry A. Fisher, Walter Runge, A. L. Thompson, A. Wendelberg, and C. D. Trubenbach.

The Xavier Club team was composed of these men: Edward Roach, Joseph Kenny, James Donovan, Charles Cleveland, John McLaughlin, Frank Craven, Thomas Kearin, and Frederick Marquart.

The Brooklyn Central Y.M.C.A. team was composed of the following men: W. S. Salmon, H. F. Behrens, H. J. Behrens, W.

BUFFALO (N. Y.) GERMAN Y. M. C. A.

H. Boyle, A. Wagenfohr, R. H. Boggs, E. Kipland, and F. W. Clark.

The following men acted as referee and umpire at the various games: W. E. Leutschi, H. G. Lochmuller, Geo. W. Schoening, Chas. H. Carey, Thomas H. Smith, Wm. A. Stillman, John H. Poggi, G. G. Brockway, R. Thompson and Colin K. Urquhardt.

NOTE—After the tournament closed several teams jointly filed a protest with the Basket Ball Committee. It was decided that as this Committee had no authority in the matter it be referred to the Registration Committee, which was done.

After careful perusal of the written protest the Registration Committee decided that the protest did not show sufficient grounds for action, so ordered the prizes awarded to the teams finishing first, second and third, as shown herewith in the official score.

INTERCOLLEGIATE BASKET BALL

BY HARRY A. FISHER

The conclusion of the fourth Intercollegiate Championship Series finds basket ball in a more prosperous and flourishing condition than at any other time since the formation of the league.

During the first week in October the fall meeting of the league was held at Earle Hall, Columbia University, and a schedule of twenty games was arranged, extending over a period of two months. Owing to a faculty ruling at Cambridge, in regard to out of town games, Harvard was compelled to withdraw from the league, leaving five teams to battle for the championship of 1904-'05.

Although all of the teams had a fair nucleus to start with at the beginning of the season, Columbia loomed up as the most formidable, as the Morningside University had four veterans in Hurley, Fisher, Von Sholly and Trubenbach from its victorious team of the previous year.

The first game was held at Ithaca, on January 6, in which Pennsylvania won her first and last game of the season. The Dark Blue and Red Five showed a reversal of form from her last season's work, and was a disappointment to her many ardent rooters.

Cornell, with a comparatively new team, seemed at the beginning of the season, to be the weakest in the league, but, after receiving six successive defeats, they made a determined stand in the last ditch, and by defeating Pennsylvania and Yale, succeeded from finishing in last place. Princeton played a good and consistent game throughout the year, but was not strong enough to defeat either Yale or Columbia.

As the season progressed it was evident that the true fight for supremacy was between Yale and Columbia. These two teams met in their first contest in New York on February 10, before one of the largest crowds ever assembled in the Columbia Gymnasium. Up to this date neither five had met with defeat. The game was

HARRY A. FISHER,
Columbia University.
A Well Known College Basket Ball Authority.

probably the most closely contested exhibition ever held on the local court; every second of play was fast and exciting, abounding in speedy passing and sensational shooting; the final whistle found Columbia in the lead with a small margin of two points, the final score being Columbia 14, Yale 12.

This victory over Yale placed Columbia at the head of the league. The season was barely half over, so there was sufficient time to overhaul the leaders before the season ended. With that bull-dog tenacity and determination so prevalent at New Haven, Yale prepared for the crucial contest on February 28, when she was to meet Columbia in what proved the deciding game of the series. From her overwhelming victory over Cornell and her defeat of Princeton, it was evident that the Dark Blue aggregation was in rare form. Columbia also showed increasing strength, and by her two victories over Princeton, in addition to her defeats of the strong Western teams, proved that she was a team that would be hard to beat. Finally the two teams met on Yale's own court before the largest and most enthusiastic crowd ever assembled at New Haven. The fortunes of the game changed so rapidly and so many times that the big crowd was wrought up to a high state of excitement throughout. After the first few minutes, when Columbia scored eight points, there was at no time a difference of more than three points separating the two teams, the lead changing six times throughout the game. Yale led to within two minutes of the final whistle, but with a sensational burst of speed the Light Blue and White Five forged ahead with two sensational baskets, which gave them the victory by the score of 24—21.

By defeating Pennsylvania both at home and abroad, Columbia again finished the season with a clean record, an achievement which stands out prominently in the annals of intercollegiate sport.

28—Columbia 24, Yale 21, at New Haven.

March 3—Cornell 18, Yale 6, at Ithaca.
4—Columbia 27, Pennsylvania 17, at Philadelphia.
10—Columbia 56, Pennsylvania 16, at New York.

SUMMARY.

Columbia scored the most number of points during the season, a grand total of 239. Princeton was a close second with 221.

Yale had the least number of points scored against her with 140, while Columbia followed closely with 141.

The Light Blue and White Five scored the largest number of points in one game, defeating the University of Pennsylvania in New York 56—16.

Yale and Cornell had the lowest score made against them in one game, being tied with six points each.

Columbia showed greater strength than any other team in her

games away from home, scoring 107 points. Princeton was second with 95.

EAST vs. WEST.

The disputed supremacy of the East over the West in basketball was finally decided during the past season. The University of Wisconsin and the University of Minnesota sent strong combinations of players to the East to endeavor to win the collegiate championship of the country.

Both teams played a number of minor games on their trip from the West, and consequently were in excellent condition when they met the Columbia University Five in New York City. As had been predicted by the Eastern critics, the Westerners could not cope with the accurate passing and shooting, or the speedy play of the Blue and White Five, and were handily defeated by the respective scores of 21—15 and 27—15. The victories in these two contests and the winning of the championship of the Eastern colleges, gives Columbia the undisputed title of "Intercollegiate Champions of the United States."

A few lines on the style of play as exhibited by the representatives of the two sections of the country, might be interesting to some readers of this article.

The fundamental difference between the play in the East and in the West is in the manner of passing and shooting. In the West all the work is done with an underhand throw, while here in the East the passing and shooting is done with one hand and overhead. As a consequence the Westerners cannot break up our team play at all, while we have no trouble to intercept the low passes they make. Again the underhand try for goal takes so much longer to get going that the Westerners have to be perfectly free to get it in, our covering makes that impossible. In the Wisconsin-Columbia game, the Western champion only succeeded in scoring two field goals.

In the West they play a cleaner game than here; at least there is a stricter adherence to rules and less occasion for calling

fouls; that is about the best point of the Western play. To sum up, the Western teams have not the speed nor the active, rapid passing and shooting that we have in the East. Their game is cleaner, but on the whole, the best Eastern team under present conditions can beat the best Western Five.

BASKET BALL IN PUBLIC SCHOOLS

BY LEE F. HANMER

Assistant Secretary, Public Schools Athletic League

The increasing interest in basket ball for school boys demands that more careful attention be given to the methods of play employed and to the manner in which the teams are coached. There are two matters of importance to be taken into consideration; they are the influence of the game upon

1. The boys playing on the team;
2. The school to which the team belongs.

While it is true that the game affects more directly and intensely the players themselves, the much greater number concerned and the intimate relation of athletics to school spirit and that in turn to the social and moral development of the pupils, makes the whole school a very important factor in this matter. Every school will encourage and cheer for its own team. If the boys have been coached to play a square, gentlemanly game, their influence on the other pupils will be good, but if the contrary is true, the school would be much better without a team.

Basket ball is a game that demands a large amount of individual co-operation or team work. Small boys do not possess the ability to do this to any great extent, and it is highly important, therefore, both to the success of the team and to the personal development of the boys, that the value of team work be emphasized from the beginning. A great aid in bringing this about is the open style of play. The coach should insist that each boy play in the territory assigned to him, and to expect that every other member of the team will do the same. Thus clean, free, rapid action is made possible, and a large percentage of the present deplorable rough play is eliminated. Boys left to themselves are sure to play an individual game; each player following the ball all over the field irrespective of the position to which he has been assigned. The logical result is rough and

UNIVERSITY OF WISCONSIN.

inefficient playing. Very clever and effective plays may be developed through the open style of game, coupled with good team work.

A practice somewhat prevalent and much to be deplored is the deliberate effort on the part of some coaches to teach the boys how to foul without being detected. In some instances, it has gone so far that the boys consider it as much a part of the game as good passing or goal throwing. Such practices would surely be bad enough if they affected the members of the team only, but they go much further and contaminate the whole school, tending toward the demoralization of all wholesome school spirit.

Every boy or girl who applauds a point won unfairly becomes unconsciously a party to the fraud and suffers accordingly. On the other hand, the influence of a victory won by clean, fair, open, intelligent playing is uplifting to both players and spectators and will make for the kind of school spirit that is worth while.

Officials and coaches must be carefully selected. Better select a person of right principles, even though he knows nothing of basket ball and must prepare himself by studying the rules and by observing the games, than to place in charge of young boys a person of questionable methods, and one who plays the game for the sake of victory only.

Basket ball played in harmony with the spirit of the rules, offers large opportunities for usefulness among schoolboys, and we cannot afford to permit abuses that are sure to undermine all its benefits.

CHURCH ATHLETIC LEAGUE NEW YORK CITY

By JOHN H. POGGI
Xavier Athletic Association

The first basket ball championship of the Church Athletic League was won by the Xavier A. A. team. This team, owing to the fact that it had won the championship of the Metropolitan Association, A.A.U., in 1904, was looked upon as a sure winner. They did not lose a game, winning by big scores. Each team met twice, playing a game at home and one on their opponent's court. That the members of the different clubs were interested in their teams was shown by the large crowds that witnessed the games. As the series advanced the crowds were larger. The officials were Messrs. Thompson, Schleich (chairman of the committee), Stumpp, Brockway and Poggi, who acted as referees and umpires.

A noteworthy feature of the tournament was that the three leading teams were the same in both the Senior and Junior championships.

The games were played under the sanction of the A.A.U. and all the individuals were registered.

KANSAS CITY ATHLETIC CLUB.

BASKET BALL IN THE SOUTH ATLANTIC ASSOCIATION

BY W. M. GRANT

Member Registration Committee A. A. U.

Basket Ball has been played in the South Atlantic Association territory for ten years, with indifferent success, owing, no doubt, to the lack of interest shown by the officials in charge of amateur athletics in this district. During the season of 1904-1905 just closed an effort has been made to bring the game under an authorized head and with considerable success, we think.

There has never been any attempt to hold a championship series, so it has always been an open question as to which team the title really belonged.

More has been accomplished in organization in Washington than in Baltimore. For three years the Athletic Association of the National Guards of the District of Columbia have had a league and have played a regular schedule, but as this association was not affiliated with the Amateur Athletic Union, the teams were compelled to play among themselves; but their schedules were run off in a successful manner. The championship of the league has been won by the team known as the Corcoran Cadets for three years.

The Athletic Association of the National Guards during the past winter joined the South Atlantic Association of the Amateur Athletic Union. All the teams have played under the A.A.U. sanction since January 1st, which has caused a "boom" in basket ball in this territory.

Washington has several other strong teams who play under A.A.U. sanctions, and there seems to be no doubt but that a league will be formed comprising all the National Guard teams and Carroll Institute, Young Men's Christian Association and the Fourth Presbyterian Athletic Association teams upon the plans of the National Guards League.

In Baltimore an attempt was made during January to form a

RELIANCE ATHLETIC CLUB, OAKLAND, CAL.

league, which resulted in the formation of the Maryland Basket Ball League with a membership of six playing teams and two non-playing members. A schedule of six games was arranged and the Defenders won the series without the loss of a game. It is the intention to open the season of 1905-1906 early in September, when it is expected that there will be twelve teams playing for the title of champions of the league. If the officers of the league meet with the success looked for, there is no doubt that there will be a championship series arranged by the South Atlantic Association of the A.A.U., which will prove one of the greatest events in basket ball history for this district.

There were fourteen teams playing under A.A.U. sanction in Washington during the past season; in Baltimore ten teams played under A.A.U. sanction, one in the Young Men's Christian Association, and five under the Interscholastic Association. It is possible that all these teams will be brought under one head during the coming season, when the benefits of organization will be easily recognized by all.

BASKET BALL ON THE PACIFIC COAST

BY HERBERT HAUSER,
Secretary-Treasurer, Pacific Coast Association A. A. U.

Basket ball on the Pacific Coast and in California particularly has taken great strides, and I think that within another year or so it will assume its well-deserved place as one of the leading branches of amateur sport.

San Francisco and vicinity has been the most difficult locality to get interested. The public has had the idea that basket ball was a girl's game about as strenuous as ping-pong, but thanks to the local Y.M.C.A., the Academic Athletic League of California, the Reliance Athletic Club, and one or two other organizations, we are establishing the game on a firmer basis.

The Pacific Athletic Association of the A.A.U. will hold a tournament early this season. Seven or eight teams will enter.

The Academic League held a successful tournament during the season. It was easily won by the Oakland High School, which had a very strong team..

The Reliance Athletic Club of Oakland had what was probably one of the strongest teams on the Coast. They played fourteen games and only lost one, afterwards defeating the team that defeated them. The San Francisco Y.M.C.A. had two strong teams, known as the Spiders and Titans. The Stockton and San Mateo Athletic Clubs and the Young Men's Hebrew Association of San Francisco also had good teams.

Southern California takes lots of interest in basket ball, as was shown by the great tournament run off by the Men's Amateur Basket Ball League of that section, in which fifteen teams participated. J. F. Torrey, who has recently been appointed Basket Ball Commissioner of Southern California, is an energetic young man. He is president of the league and will surely do much good during the coming year.

BASKET BALL IN SOUTHERN CALIFORNIA

BY J. F. TORREY

Auxiliary Basket Ball Committee, A. A. U.

The season just finished has undoubtedly been the most successful in the history of basket ball in Southern California.

Up to last year no great effort had been put forth to bring the game to the front as it deserves, and whenever a series of games was arranged between rival teams it generally ended in disputes and bad feeling. Among basket ball players very little was known of the requirements and benefits of the A. A. U., and none of the teams was registered. This being the case, instead of having the A. A. U. to settle disputes the teams took it upon themselves, and as a result much underhand work, with unpleasant results, was indulged in. All this did much to discourage the public as well as the players themselves, and for a couple of years very little was heard locally of the game.

At the beginning of the season 1903-4 some of the members of the Los Angeles Y.M.C.A. and of the Turners met in conference and discussed the basket ball question and offered suggestions for the furthering of the game in Southern California. From this conference interest in basket ball immediately took a jump upward, and it was decided to organize an experimental league, the idea being to awaken the old players and to get new

MILWAUKEE CENTRAL Y. M. C. A.

teams organized for the next year. Accordingly, all known teams in Southern California were notified of the intent to organize a league, and an invitation was extended to them to join. About eight teams joined and affairs went along smoothly, all teams being required to register either in the A.A.U. or the Y.M.C.A. Athletic League, and all games being sanctioned by the P.A.A. of the A.A.U. This experiment proved a great benefit at the beginning of the season, and from the experience obtained the Men's Amateur Basket Ball League of Southern California was organized in a formal way on December 12, 1904. The league started with twelve teams, and two others joined later. The officers elected were: President, John F. Torrey (Los Angeles Y.M.C.A.); Vice President, R. P. Faithful (Los Angeles Y.M.C.A.); Secretary, H. E. Harris (Whittier College); Corresponding Secretary, Ellis H. Elkeles (Los Angeles Turners); Treasurers, R. F. Bostwick (Los Angeles Y.M.C.A.) and Geo. Karstens (Los Angeles Turners).

There being so many teams, it was decided best to divide the league into two sections, 1st, Athletic Organizations; 2nd, Educational Institutions, and have each team in each section play one game with every other team in their respective sections. The two teams in each section winning the highest and next to the highest percentage of games in this preliminary series composed the teams for the final series. These four teams played a round robin series for the championship.

The league was greatly handicapped by the lack of good courts on which to play, but managed to get through the preliminary series without much trouble. For the finals it secured the Temple Auditorium, the largest hall in Southern California. The public took great interest in these final games, and there was a good attendance each night of the series. The six games played were well advertised, and the mere fact that they were played in the Auditorium made the public realize that the game **must amount to something**. Those attending who never had seen the game before declare that it is the best indoor game ever invented, and from the talk heard since the close of the

HARVARD UNIVERSITY.

season the attendance at next year's games will be a great improvement over that of this season.

The press should be given due credit for the liberal way in which they reported our games, and boomed them in general. The Los Angeles Examiner deserves special mention for the beautiful pennant presented by it to the winning team. In addition to the pennant the league awarded the members of the winning team fine gold medals suitable for watch fobs. .

The results of the preliminary games were as follows:

SECTION I.

	Won.	Lost.	P.C.

WILLIAMS COLLEGE.

THE WESTERN INTERCOLLEGIATE BASKET BALL SEASON

BY EMMETT DUNN ANGELL

Instructor in Gymnastics at the University of Wisconsin and Coach
of Basket Ball Team

The Western collegiate basket ball season closed most successfully with the Wisconsin team as the Western intercollegiate champions, the position of second being disputed by Chicago, Minnesota and Nebraska.

Basket ball has gradually taken its place as the premier collegiate winter sport of the West. Michigan is the only university in the "Big Nine" that is not represented by a team, and it is expected that the coming season will find the wearers of the maize and blue in the basket ball arena.

Nebraska, Minnesota, Purdue and Wisconsin have been active for several years. Northwestern and Chicago were both represented this year, and though this was Chicago's first appearance in basket ball, a speedy team was developed that defeated all of the Western colleges in the Chicago gymnasium, with the exception of Wisconsin. Only one game away from home was lost and that to Minnesota. Their long string of victories was largely due to the very excellent work of Coach Childs. The final game of the season with Wisconsin, that carried the championship with it, was one of the fastest games ever seen in the West. The score was Wisconsin, 29; Chicago, 24.

Wisconsin was fortunate in having two of the best basket ball players ever developed in the West. Steinmetz, the captain, at forward, and McLees, guard, were both whirlwind players, and the twenty field goals made by Christian Steinmetz in the game against Beloit stands as a Western record.

The Western teams have not as yet formed an intercollegiate association, but very possibly one will be organized this year. The difficulty that has confronted the teams has been the great distances that exist between some of the colleges. It is very possible that Nebraska, Purdue, Minnesota, Chicago, North-

1, Kearin; 2, Cleveland; 3, Donovan; 4, Roach, Capt.; 5, Poggi, Mgr.; 6, Kenny; 7, Craven. Photo. XAVIER ATHLETIC ASSOCIATION, NEW YORK.

western and Wisconsin will arrange such an organization. The game would be made more interesting and wrangles regarding the championship would be impossible.

Both Minnesota and Wisconsin took Eastern trips and played series of games with the representative colleges and athletic clubs. A comparison of Eastern and Western basket ball establishes several interesting points.

1. The Eastern game is rougher.
2. The officials are less strict.
3. The passing is inferior.
4. The rule regarding "holding" is not observed and players are seldom penalized.

It is characteristic of Western basket ball to enforce the rules as printed in THE OFFICIAL GUIDE, and it is certainly true that the game played in the West is cleaner than the Eastern game—*and is not effeminate—is not lacking in interest*—and is a man's game, played by men, with science and skill.

It seems to us in the West that if the rules against rough playing, holding, and similar fouls are not strictly enforced the game becomes a game of beef instead of brains. The game as played by the present rules by teams well coached and evenly matched is as pretty a spectacle as one could desire, and certainly does not lack in exciting features.

The West believes in clean ball and strict enforcement of the present rules.

AMHERST COLLEGE.

HOW TO FOSTER BASKET BALL

BY B. P. SULLIVAN

Southern Association of A. A. U., New Orleans, La.

Up to the beginning of last season the game in this locality was of the desultory order, largely because no serious attempt has been made to study the game and properly train the players.

This past season an intelligent attempt was made in this direction by the Southern Athletic Club, the Young Men's Christian Association, and several educational institutions. The result was magical to both players and spectators. Regular evenings each week were set apart for the games and designated as special evenings, such as high schools, convents, Y. M. C. A.s, etc., when the social side of man's—and woman's, too, for that matter—nature was emphasized.

Evenings when basket ball and a good entertainment was provided served to attract large crowds and popularize the game.

The attractiveness of the game depends largely on the character of the coaching and the alertness and backbone of the officials. If the coaching has been such as to develop roughness and delaying tactics, the audience soon melts away and "will not return some other day." If the officials, through ignorance of the rules, lack of backbone, or dishonesty, fail to interpret the rules fairly and strictly, the game develops into a "rough house" one and the better class of spectators soon become disgusted and the reputation of the organization holding the games suffers in consequence.

The organization under whose roof the games are played owes it to the spectators, the players and the game to conduct such affairs only in a fair, honest and gentlemanly manner. One of the most promising ways to foster the game is to organize a tournament, either within the organization or with outside teams; both have been successful. As the games progress, the interest

1, Grebenstein; 2, Bankart; 3, Elliott, Mgr.; 4, Russ; 5, Alling; 6, McGrail; 7, Rix, Capt.; 8, Hobart.

DARTMOUTH COLLEGE.

of both players and spectators grows, the game is advanced, and the organizations participating are advertised.

Good team work makes a successful game and players who persist in individual star play should be given soft seats on a bench on the side lines, where they may learn how to play by watching their fellows.

Basket ball can only be fostered properly and permanently by team work, open play, and clean games, good officials, a conscientious coach and the utter absence of the spirit "win by fair means if you can, but win."

PHILADELPHIA INTERSCHOLASTIC LEAGUE

BY MAT C. O'BRIEN

Gymnasium Instructor Central High School

Last year the Philadelphia Interscholastic League was organized, consisting of the eight strongest school teams in Philadelphia and vicinity. The Central High School team won the cup offered for the championship, playing fourteen games and winning them all, easily outclassing the other teams. This team has won the championship five times during the last six years.

In addition to the league games, Central High School also played the following games, winning all but two:

C.H.S. vs. Williamson Trade School.....	26—17
C.H.S. vs. Williamsport High School.....	26—17
C.H.S. vs. Pine Grove Academy.....	30— 2
C.H.S. vs. U. of Pa. Freshmen.....	23—20
C.H.S. vs. George School	26—17
C.H.S. vs. Lawrenceville	28— 9
C.H.S. vs. Reading Memorial Guards.....	26—25
C.H.S. vs. Morris Guards (Atlantic City)...	50—20
C.H.S. vs. West Chester State Normal.....	28— 9

In addition to these games, Central High School also won from DeWitt Clinton High the interscholastic championship of New York City in an exciting game, the final score being 28 to 18. This team plays a hard, aggressive game, but one in which fair, clean playing is always seen. Several of this year's team graduated and the outlook for next season is not so promising. Outside of Central High, the strongest interscholastic teams in Philadelphia were the Central Manual Training School, Brown Preparatory School and Drexel Institute.

The strongest interscholastic players in Philadelphia are undoubtedly Keinath, Kiefaber and Schnauffer of Central High, Pearce of North-East Manual Training School, Schipp of Cen-

1, Capen; 2, Whiting; 3, Murphy; 4, Clifford; 5, Schildmiller; 6, Cushing, Capt.
PHILLIPS ANDOVER ACADEMY.

tral Manual Training School, Jacoby of Friends' Central, and Kane of Brown Preparatory. Others have done brilliant work at times, but these men have played steadily and consistently all throughout the league season.

The standing of the league teams at the close of the season is as follows :

	Won.	Lost.	P.C.
Central High School.....	14	0	1.000
Central Manual Training School	9	5	.643
Brown Preparatory	7	7	.500
Drexel Institute	6	8	.429
Northeast Manual	6	8	.429
Friends' Central	5	8	.385
Eastburn Academy	4	9	.308
Camden High School.....	4	10	.286

BASKET BALL IN THE PHILIPPINES

BY R. H. SHAFFER

The first organized basket ball team in the Philippine Islands was the Potenciana team of Manila, which was organized in December, 1904. It was also the first team to play public games under the official A. A. U. rules.

Two other teams were soon organized, the Yntendencias and the Columbia Club team. A series of ten games were played, the Potenciana winning eight and losing two, one to each of the other teams. The games were all played in the gymnasium of the Columbia Club, and were very well attended, considering that the American population of Manila is only 10,000.

A fair amount of enthusiasm has been aroused and a movement is on foot to form a league and play a regular schedule.

SYRACUSE UNIVERSITY.

SOME RULES FOR SCIENTIFIC BASKET BALL

BY J. L. BREWSTER
Rochester Evening Times

HOW TO DEVELOP ESSENTIAL TEAM PLAY.

Bear in mind, first of all, that basket ball is a team game. The winning team is the team that completely subordinates individual play to team work.

Completely subjugate your desire to throw for the basket. The one aim should be team play that will bring the ball to a position where it can be thrown in with reasonable certainty of scoring. Even when in the advantageous position for throwing, if an opposing player is close enough to be reasonably certain of blocking, shoot the ball quickly to an unguarded mate, if there is one about, and you should always have your eye out for him. To befuddle your opponents it is not a bad idea in such an emergency, to shoot the ball some distance down the field to an unguarded team mate, who will pass it back again to you. This is in accordance with the principle of keeping possession of the ball as much as possible and keeping your opponents on the defense.

Guards should be particular to remember that it is their function to guard first, last and all the time. There should be one guard in the back field all of the time. When one guard works forward in a team play, the other should stay back and he should keep his eye on his fellow guard's man as well as his own, looking after the two forwards if necessary, but his guard mate should see to it that he gets back to his own man as soon as possible.

In passing the ball, pass it in advance of the man who is to receive it so that he will come up to it and take it while making progress. It gives him a chance to get the ball free of his guard, and he should do likewise in his pass, if another pass is necessary.

Try to make throws for the basket free throws so far as pos-

Bolton Leo Gohn Sullivan Rix Miller
 ST. JOSEPH'S COLLEGIATE INSTITUTE TEAM, BUFFALO, N. Y.

sible. Don't try to throw off a guard so as to shoot for the basket. Pass the ball.

Goals not made by free throws from the field are generally luck shots and a game that is one by luck doesn't reflect credit upon the winners.

Keep close track of which side is entitled to the ball when it goes out of bounds. If you think it belongs to you get possession of it without delay. Don't stop in your play because you think the umpire should call a foul or make another ruling that would stop the playing. He may not do so and your opponents may go right ahead and score on you. It's your business to play ball every minute until the whistle blows.

Be generous toward the officials. Basket ball is a difficult game to manage and you should stretch a point to be generous to those who undertake the task.

Don't hang to the ball. There is no advantage in clinging to the ball and letting an opponent struggle for it in the hope that he will foul you.

The rules are strict against roughing it, not with the idea of making the game ladylike, but to make it as skillful as possible. Rapid and continuous pass work is the chief aim of the rules prescribing clean play. There is nothing skillful in scrimmage work which predominates if the rules are not strictly enforced and are not understood and obeyed in their strictness by the players.

Headwork or plain intelligence is just as essential to good basket ball as it is to good base ball. Remember this. It takes no headwork to throw a basket, but it does take headwork to get the ball to a position where it can be easily caged by an accurate thrower.

Every player on an experienced team should be reasonably sure of scoring in at least three out of five tries from the points near the basket to which it is understood that the ball is to be advanced ordinarily before the goal is tried for. Therefore, in a scientific game men who throw numerous goals should not be singled out for special credit. In a scientific game credit is due mainly for team work and the whole team shares in it equally.

It is the principal duty of guards to guard and to keep the

HIRAM COLLEGE.
Olympic Intercollegiate Basket Ball Champions, World's Fair, St. Louis, 1904.

ball from the opposing forwards starting it into play toward their goal. On them rests the responsibility of doing the work that keeps the other side following. If a guard does his work well he no doubt in many games will be too busy in performing his first duties to throw a single goal. Certainly this would be the case against a team giving his side a hard game. A guard thus doing his duty is entitled to as much credit as a forward who may throw a half dozen or more goals.

Having thoroughly got out of your head the idea that your first thought upon getting hold of the ball is to throw for the basket, set about to develop quick, continuous, short and unexpected pass work. In short, pass to keep your opponents guessing and in their bewilderment you ought to be able regularly by clockwork play to get the ball to a point advantageous for making a goal.

Don't think two-man play is team work. There are five men to a team. It is all right to start a two-man play, but keep your eyes open and pass it around the whole team if found necessary through the activity of the opponents, having in mind constantly certain points near the basket to which you want to work the ball as often as practicable before shooting for goal, perfect a plan of practice whereby when you have got under way, the ball will be passed to the last position while a player is on his way to the position in anticipation of the ball's arrival. Thus there is no delay in the pass, the player receiving the ball does not have to wait for it, and the chances are strongly in favor of his being away from his guard and in shape for a free and easy throw.

It is well to arrange a few signals for getting the ball in play from center so that different men will come up and get the ball on the tip off. It can also be arranged so that, if the tip off play works, the player receiving the ball is to throw it swiftly to a position near the basket for which, it is understood, another player is to dash in anticipation of meeting it and shooting quickly. Such plays may be called trick plays, and "heady" players ought to be able to work them out just as expert base ball players have an assortment of trick plays.

Often in passing to a position in anticipation of the arrival

1, Wicks; 2, Jones, Coach; 3, Cayou, Director; 4, Ristine, Mgr.; 5, Walter; 6, Pierce; 7, Lehman, Capt.; 8, Sprow.
WABASH COLLEGE.

of a runner to receive the ball it is well to lob the ball high, giving the runner time to get to the place, thus outwitting guards by no delays.

Of course these rules will not work effectively all of the time. Likely they will fail most of the time, especially if teams are evenly matched in experience and activity. However, they furnish a basis for scientific play, and if observed closely are bound to bring good results.

Be sure to remember these points: Get out of your head the idea that your first thought should be the basket when you get hold of the ball. Get rid of the ball quickly; when the ball is coming to you have your eye out for getting rid of it at once to another player; don't wait till you get it and then look around; bear in mind that the rules have been formulated by students of the game and that their strictness is necessary to expert playing; don't think that the number of goals you shoot indicates your value to your team, the practice of scoring goals to the credit of individual players ought to be abolished, they should be scored only in total to the credit of the whole team.

Worked out along the scientific lines that the game offers in its possibilities of team play, basket ball is one of the best games in American sport to-day.

IMPORTANT

These rules are in effect September 15, 1905

Photos, records of games, etc., must be in possession of the publishers by June 1, 1906, to be inserted in the next number of the Guide.

Address the Editor,
21 Warren Street, New York City

OFFICIAL RULES—SEASON 1905-6

EFFECTIVE SEPTEMBER 15, 1905

Copyright, 1905, by American Sports Publishing Company.

RULE I.

SECTION 1. Basket Ball may be played on GROUNDS. any grounds free from obstruction, said grounds not to exceed 3,500 square feet of actual playing space.

SEC. 2. There may be a well defined line marked around the floor or field. When side lines are used they shall be straight and at least 3 feet from the wall or fence. The end boundaries shall be directly below the surface against which the goal is placed. This line shall form the boundary of the field of play. Upon agreement by both teams the boundary lines may be dispensed with.

With boundary lines.

Without boundary lines.

SEC. 3. The grounds shall be laid out as per diagram on page 117 of these rules.

How to lay out the grounds.

RULE II.

SECTION 1. The ball shall be round; it shall be made of a rubber bladder covered with a leather case; it shall be not less than 30 nor more than 32 inches in circumference; the limit of variableness shall not be more than

BALL.

Size of Ball.

NOTE—"Basket Ball for Women." edited by Miss Senda Berenson, of Smith College, and containing the revised rules for women, is published in Spalding's Athletic Library; price 10 cents.

RULE II.

one-fourth of an inch in three diameters; it shall weigh not less than 18 nor more than 20 ounces.

Who provides
the ball.

SEC. 2. The ball shall be provided by the home team; except in serial championships, when it shall be furnished by the championship committee; it shall be tightly inflated and so laced that it cannot be held by the lacing, and shall otherwise be in good condition.

Official ball to
be used in all
match games.

SEC. 3. The ball made by A. G. Spalding & Bros. shall be the official ball. Official balls will be stamped as herewith, and will be packed in sealed boxes.

SEC. 4. The official ball must be used in all match games. The referee may in all match games and shall in serial championships declare all games void when this rule is violated.

RULE III.

BASKETS. SECTION I. The baskets shall be hammock nets of cord, suspended from metal rings 18 inches in diameter (inside). The rings shall be placed 10 feet above the ground in the centre of the short side of the actual playing field. The inside rim shall extend 6 inches from a rigid supporting surface.

SEC. 2. In case the supporting surface is not a wall of the building, a special background must be supplied, which shall measure at least 6 feet horizontally and 4 feet verti-

Background.

RULE III.

cally, and extend not less than 3 feet above the top of the basket. It may be of any solid material but must be permanently flat, perpendicular and rigid.

SEC. 3. The baskets shall be rigidly supported. There must be no projections beyond the sides nor above the upper edge of the basket.

SEC. 4. The baskets made by A. G. Spalding & Bros. shall be the official baskets.

SEC. 5. The "official" baskets must be used in all match games. The referee may in all match games and shall in serial championships declare all games void when this rule is violated.

SEC. 6. No spectators or others shall be permitted nearer than six feet to the baskets in any direction. The referee shall see that this rule is enforced and act in accordance with Rule XII., sec. 5, and Rule VI., sec. 4.

RULE IV.

SEC. 1. Teams for match games shall consist of five men.

SEC. 2. In match games all players must be bona fide *registered* amateur members of the organization which they represent.

SEC. 3. In serial championship games no member of one team shall play or act as substitute on any other team in that championship.

**OFFICIAL BASKET.**

Official basket to be used in all match games.

Spectators six feet away.

TEAMS.

Players must be bona fide members of teams they represent.

Can represent only one team.

RULE IV.

Registration. SEC. 4. In match games between two organizations, individuals on both teams must be registered. When this rule is violated the players disqualify themselves and are ineligible to play registered teams or compete in Amateur Track and Field sports until they are reinstated by the proper committee.

Professionalism. SEC. 5. Teams must be composed entirely of amateurs and only play other teams similarly composed; when this rule is violated each player is made a professional thereby and is ineligible to further compete with amateurs until such time as his case may be favorably acted upon by the proper committee.

Sanctions. SEC. 6. In games between two separate organizations the games must be sanctioned and the players registered. Annual sanctions and registrations are issued by the A.A.U. and Y.M.C.A. Athletic League.

A. A. U. rules govern. SEC. 7. *Official A.A.U. rules* govern the eligibility of all players playing under the sanction of the A.A.U. (See A.A.U. Official Handbook.*)

Y. M. C. A. athletic rules govern. SEC. 8. *Official Y.M.C.A. Athletic League rules* govern the eligibility of all players playing under the sanction of the Y.M.C.A. Athletic League. (See Y.M.C.A. Athletic League Handbook.*)

* A. A. U., I. C. A. A. A. and Y. M. C. A. Athletic League handbooks may be secured from the publishers of this Guide for 10 cents each.

RULE IV.

SEC. 9. In games played between teams representing educational institutions, the eligibility of players is determined by the rules of the governing body to which such institutions belong.

Teams from educational institutions.

(a) When teams from educational institutions play teams not representing educational institutions, A.A.U. rules govern.

When A. A. U. rules govern educational institutions.

(b) Teams from educational institutions are required to get sanction and have the individual players registered in the A.A.U. when they play teams not representing an educational institution. (See A.A.U. Official Handbook.)*

When teams from educational institutions are required to get sanction and have individuals registered.

RULE V.

The officials shall be a **Referee**, an **Umpire**, a **Scorer**, a **Timekeeper**, and in serial championships two **Inspectors**.

OFFICIALS.

RULE VI.

SECTION 1. The **Referee** in all cases must be a thoroughly competent and impartial person, and shall not be a member of either of the competing organizations.

REFEREE.
Referee an outsider.

SEC. 2. In all but championship games, the visiting team shall choose the **Referee**, but shall notify the home team of such selection not later than four days before the date fixed for the game. Any team neglecting to send

Home team must be notified about referee.

*A. A. U., I. C. A. A. A. and Y. M. C. A. Athletic League handbooks may be secured from the publishers of this Guide for 10 cents each.

RULE VI.

such notification within the limit specified shall forfeit the right to appoint the referee.

SEC. 3. In all championship games the **Referee** shall be selected by the Championship Committee.

Alterations in
rules, about
grounds and
time

SEC. 4. Before the game begins the **Referee** shall see that the regulations respecting the ball, baskets, grounds and spectators (Rule III., sec. 6) are adhered to. By mutual agreement of the captains, the **Referee** may allow alterations in the rules regarding grounds and time, but not in baskets, ball, teams or spectators. The **Referee** shall ascertain before the commencement of the game the time for beginning, or any other arrangements that have been made by the captains or the committee in charge.

Referee decides
when ball is in
play and when
goal has been
made and calls
fouls.

SEC. 5. The **Referee** shall be judge of the ball. He shall decide when the ball is in play, to whom it belongs, when a goal has been made, and have power to call all fouls provided for in the rules.

SEC. 6. The **Referee** shall approve of the timekeepers, scorers and inspectors before the game begins.

Calling Time.

SEC. 7. The **Referee** shall blow a whistle whenever necessary to call "time" or a foul. In case of a foul he shall indicate the offender and announce the nature of the foul, so that both the offender and scorer can hear him.

RULE VI.

In case of sickness or accident the game continues until the **Referee's** whistle blows. If a claim for "time" is made and for any reason the **Referee** does not blow his whistle before a goal is made, the goal shall count, except as provided in Rule XI., sec. 40.

SEC. 8. The **Referee** is the superior officer of the game and shall decide all questions not under jurisdiction of the other officials and all questions not covered by the rules. Superior Officer.

SEC. 9. The **Referee's** term of office shall only extend from the time the game begins until it is concluded, and his decision awarding the game must then be given. His jurisdiction shall then end and he shall have no longer any power to act as referee. Referee has no power after game.

SEC. 10. The **Referee** shall notify the secretary of the committee under whose jurisdiction the game has been played, whenever a player has been disqualified, giving the player's name, date, place, name of team and nature of the offence. Referee to notify committee when man has been disqualified.

SEC. 11. **Inspectors** in all cases must be thoroughly competent and impartial persons and shall not be members of either of the competing organizations. They shall be appointed by the championship committee, shall be the assistants of the **Referee** and shall be stationed at both ends of the court. They have no power to make decisions, but shall note whether goals were made in accordance with the rules and INSPECTORS.

RULE VI.

report same to the **Referee**. They shall perform such other duties as are assigned them by the **Referee**.

RULE VII.

UMPIRE. SECTION 1. The **Umpire** in all cases must be

Umpire, Outsider. a thoroughly competent and impartial person, and shall not be a member of either of the competing organizations.

Visiting team must be notified about Umpire. SEC. 2. In all but serial championship games the home team shall choose the **Umpire**, but shall notify the visiting team of such selection not later than four days before the date fixed for the game. A team neglecting to send such notification within the limit specified shall forfeit to the visiting team its right to appoint the **Umpire**.

SEC. 3. In all serial championship games the **Umpire** shall be selected by the Championship Committee.

Umpire calls fouls. SEC. 4. The **Umpire** shall make decisions and call fouls for the violation of all rules except those specifically reserved to the **Referee**. See Rule XI., sec. 3 and 6; Rule XII., sec. 3.

Umpire not to question Referee's decisions. SEC. 5. The **Umpire** shall make his decisions independently of the **Referee** and a decision made by either official within his jurisdiction shall not be questioned by the other.

Whistle blown on foul. SEC. 6. The **Umpire** shall blow a whistle only when it is necessary to call a foul. He shall then indicate the offender, and announce

RULE VII.

the nature of the foul so both the offender and the scorer can hear him. He shall have no power to call "time."

SEC. 7. When the **Umpire's** whistle sounds simultaneously with either the **Referee's** or **Timekeeper's**, the official's whistle calling attention to a foul shall take precedence. If both blew to indicate fouls on different players, both shall count. The **Referee** or **Umpire** shall have power to call fouls for violation of rules committed either within or without the boundary lines, also at any moment from the beginning of play to the call of time at the end of a half or game. This includes the periods when the game may be momentarily stopped for any reason. Fouls may be called on any number of players at the same time.

Official's whistle calling fouls takes precedence.

RULE VIII.

SECTION I. The **Scorer** shall be appointed **SCORER**. by the management of the home team, subject to the approval of the **Referee**. If the visiting team so desires they may appoint an **Assistant Scorer**, subject to the approval of the **Referee**. The **Assistant Scorer** shall have no power to make decisions and shall perform such duties as are assigned by the **Scorer**. The **Scorer's** record is the only "official" score. In serial championship games the **Scorer** and his assistant shall be appointed by the Champion-

RULE VIII.

ship Committee, and their relation to each other shall be the same as the foregoing.

Scorer to get names
and registration
numbers.

SEC. 2. The **Scorer**, before the commencement of the game, shall secure from the management of each team a list of their players, with their positions and registration numbers.

Scorer must
notify referee
about disqualify-
ing players.

SEC. 3. He shall notify the **Referee** when a player has committed two Class B fouls, according to Rule XI., sec. 24.

Official score.

SEC. 4. Match games shall be scored in and according to the details in the official score book, and this shall constitute the official record of the game.

Blackboards,
cards, etc., for
announcing score,
to be in charge of
official scorer.

SEC. 5. The use of blackboard, cards, etc., to announce the score to spectators, shall be in charge of the **Scorer** or one of his assistants, and only the official score shall be announced thereon. In case of mistake on the board, cards, etc., it shall be corrected according to the record in the official score book.

RULE IX.

TIMEKEEPER.

SECTION I. A **Timekeeper** shall be appointed by the management of the home team, subject to the approval of the **Referee**. If the visiting team so desires they may appoint an **Assistant Timekeeper**, subject to the approval of the **Referee**. The **Assistant Timekeeper** shall have no power to make decisions, and shall perform such duties as are assigned by

RULE IX.

the **Timekeeper**. The **Timekeeper's** record is the only "official" time. In serial championship games, the **Timekeeper** and his assistant shall be appointed by the Championship Committee, and their relation to each other shall be the same as the foregoing.

SEC. 2. He shall note when the game starts and shall blow his whistle indicating the expiration of the actual playing time in each half.

SEC. 3. Time consumed by stoppages during the game shall be deducted only on order of the **Referee**. Time involved in making "free throws," etc., shall not be considered stoppages.

Time out only on
referee's order.

RULE X.

SECTION 1. **Captains** shall be indicated by each team previous to the commencement of the game; they must be players in the game.

SEC. 2. The **Captains** shall be the representatives of their respective teams.

SEC. 3. The **Captains** shall toss for choice of baskets and they only shall be entitled to address the officials regarding any matter arising during the game. The **Referee** shall apply Rule XII, secs. 3 and 4 to the captains' conduct when necessary.

Captains speak to
officials.

RULE XI.

SECTION 1. The game shall consist of two **THE GAME**.

RULE XI.

Time of halves. halves of twenty minutes each, with a rest of ten minutes between the halves. This is the time of actual play. These times may be changed by mutual agreement of the captains, except in serial championship games, in which case the Championship Committee shall make the change if necessary.

SEC. 2. The teams shall change baskets at the end of the first half.

Persistent or intentional delay of game. SEC. 3. Any persistent or intentional delay of the game shall be counted as a foul against the team so delaying. The **Referee** shall call this foul.

Ball, how and when put in play at centre. SEC. 4. At the opening of the game, at the beginning of the second half, after each goal, and at such other times as hereinafter provided, the **Referee** shall put the ball in play at centre. Whenever the ball is put in play at the centre the men who are to jump for same must keep both feet within the circle, and the **Referee** shall toss the ball up in a plane at right angles to the side lines to a greater height than either of the centre men can jump, and so that it will drop between them. Sec. 3 may be applied when players delay game by not coming to centre promptly or stepping out of circle before or during jumps.

SEC. 5. When the **Referee** puts the ball in play at centre, he shall blow his whistle

RULE XI.

when the ball reaches its highest point, after which it must be first touched by either or both of the centre men. If the ball is batted to outside by one or both of the centre men it shall again be put in play at centre. The ball may either be caught or batted by the centre men.

Ball to be touched first by one or both centre men.

SEC. 6. Whenever the ball is put in play other than in the centre, the players who are to first touch the ball must not stand further than two feet from the spot indicated by the **Referee** where the ball is to fall and have both feet together until the jump is made. If this rule is violated sec. 3 may be applied by the **Referee**.

Players who "jump" for ball must stand with both feet together

SEC. 7. If the ball is in bounds when "time" is called the **Referee** shall stand between the players and the nearer side line and put the ball in play by tossing it up in such a manner that it will drop near the spot where it was when "time" was called. The two opponents nearest this spot when time was called shall jump for the ball. They shall be indicated by the **Referee**.

When "time" is called, ball in bounds.

SEC. 8. If the ball is out of bounds when "time" is called, play shall be resumed at the whistle of the **Referee** the same as if time had not been called.

When "time" is called, ball out of bounds.

SEC. 9. When the ball is held by two players for any length of time, the **Referee** shall blow

Held ball.

RULE XI.

his whistle, stop the play, and throw the ball up from where it was held.

Tackling ball.

SEC. 10. Not more than one player of each team shall tackle (touch) the ball at the same time. A foul shall be called on each player violating this rule. Either the **Referee** or **Umpire** shall make decision on this rule. If two players of the same team first touch the ball no foul shall be called so long as they are the only ones touching it; if, however, a player from the other team should touch the ball while it is in their possession, a foul shall be called on one of the two players of the same team. This player may be indicated by the official calling the foul.

SEC. 11. The ball may be thrown or batted in any direction with one or both hands.

Kicking or using
fist not allowed.

SEC. 12. The ball shall not be kicked or struck with the fists. The **Referee** or **Umpire** shall call a foul for violation of this rule.

Ball not to be
carried.

SEC. 13. A player shall not advance with the ball while in bounds, nor across the line to out of bounds with one or both feet. He must play it from the spot on which he catches it. Allowance is to be made for one who catches it while running, provided he throws it at once or stops as soon as possible. If in the judgment of the **Referee** he stops as soon as possible and at the end of the run he has one foot over the line, touching the floor on

RULE XI.

the outside, a foul for carrying over shall not be called if he immediately withdraws the foot that is over the line, but if he carries the foot that is inside the field of play to the floor on the outside, a foul shall be called for carrying over. This shall not be interpreted as interfering with a man's turning around without making progress as long as he keeps one foot in place. The **Referee** or **Umpire** shall call a foul for violation of this rule.

SEC. 14. The ball shall be held by the hands only. The using of any other part of the body to hold or assist in holding the ball constitutes a foul. Hugging the ball is a foul. The **Referee** or **Umpire** shall call a foul for violation of this rule.

Ball held by hands only.

SEC. 15. *A dribble is a play in which the player advances more than two steps* while rolling or bouncing the ball against one or both hands one or more times, without the assistance of another player. In a dribble (three or more bounces), both hands shall not be used simultaneously more than once. Violation of this rule is a foul and may be called by either the **Referee** or **Umpire**. A player who has dribbled may not score a goal until the ball has been played (that is, received and batted or thrown) by another player. Successive tries for goal by one who has not dribbled shall not be considered a violation of this rule.

"Dribbling" with one hand but not with two.

RULE XI.

When the ball is
out of bounds.

SEC. 16. The ball is out of bounds only when it has completely crossed the line and is either touching the floor or in the possession of a player who has one or both feet outside, except as provided in sec. 13.

When the other side
is awarded the ball.

SEC. 17. When the ball is caused to go out of bounds in any manner intentionally or unintentionally (except in violation of sec. 13) and remains there, the **Referee** shall give it to the opposite side at the point where it left the field of play.

When an outside
ball is tossed up.

SEC. 18. In case of a doubt in the mind of the **Referee** as to which side caused the ball to go out of bounds, it shall be tossed up between two players indicated by the **Referee**.

When ball rolls
or bounces in
again.

SEC. 19. When the ball goes out of bounds and immediately returns, play shall continue whether or not it was touched while out of bounds, except if the whistle of the **Referee** is blown, the ball shall then be put in play as though it had not returned to the field of play.

Five seconds to
hold ball.

SEC. 20. A player is allowed five seconds to hold the ball out of bounds. A player must not step over the boundary line until after he has played the ball, and if, in the judgment of the **Referee**, either of these rules is violated, the **Referee** shall give the ball to an opponent.

To be played by
another player.

SEC. 21. The ball may be thrown into the

RULE XI.

field of play in any direction, from any spot (outside of bounds) on a line drawn at right angles to the boundary line at the spot where the ball crossed it. The ball may be thrown or bounced into the field of play, and must be played by some other player before the player who passed it in can again play it. When either of these rules are violated the **Referee** shall give the ball to the opponent at the same spot.

SEC. 22. There shall be no interfering with the player who is returning the ball: that is, no part of the person of his opponent shall be outside of the field of play, and the ball may not be touched until it has crossed the line. If either of these rules is violated the **Referee** shall return the ball to the player who had it and have it again put in play at the original place, except in case the opponent on the inside should knock the ball out of the hands of the thrower-in twice or more times in succession, then a foul for delaying game should be called, in accordance with sec. 3.

Interfering with
thrower in.

SEC. 23 There shall be no tackling or holding or pushing of an opponent. The hands or arms shall not be used in any way to interfere with the progress of a player who has not the ball. Grasping the clothing or person of a player with the hands or putting one or both arms about a player shall be considered hold-

Holding, etc.

RULE XI.

ing. The **Referee** or **Umpire** shall call a foul for violation of this rule.

Roughness will
disqualify.

SEC. 24. There shall be no striking, kicking, shouldering, tripping, hacking or unnecessary roughness of any kind. The **Referee** or **Umpire** shall call a foul for violation of this rule. The **Referee** may, for the first offence, and shall for the second offence, disqualify the offender for that game and for such further period as the committee in charge shall determine; except that disqualification for striking, kicking, hacking shall be for one year, except by alteration of penalty in any special case by the proper Registration Committee of the Amateur Athletic Union or the Governing Committee of the Young Men's Christian Association Athletic League. The **Referee** has power to disqualify for violation of this rule whether a foul was called or not.

Disqualification
for one year.

Substitute allowed
for disqualified
player.

SEC. 25. A substitute shall be allowed for a player who has been disqualified, and the **Referee** shall allow the foul made by the disqualified player.

Five minutes for
"time."

SEC. 26. Whenever, because of sickness or accident to a player, it becomes necessary for the **Referee** to call "time," play must be resumed in five minutes. If the injured player is unable to resume play by that time, a substitute shall take his place, or the game start at once without him. If it becomes necessary for

RULE XI.

any reason to change players the **Referee** may, upon notice from the **Captain**, call "time" for the substitution; providing the **Scorer** has been notified and the new player is ready to start at once. Sec. 3 may be applied when necessary. A man once removed from the game cannot play again during that game.

Men to be changed only after the Referee and Scorer have been notified.

A man once removed cannot play again.

SEC. 27. A game must be decided by the winning of the most points in forty minutes playing time; at the end of which time the **Timekeeper's** whistle shall be blown and the score announced.

SEC. 28. In case the score is found to be a tie, the **Referee** shall then order the game to continue (without change of baskets) until either side has made 2 additional points. The goals may be made either from field or foul line, the team first scoring 2 points wins, except as provided in sec. 29.

Requires two points to win in case of tie.

SEC. 29. In case of a tie and both teams make the second points simultaneously through both teams scoring on double fouls, the game shall continue, as provided for in section 28.

Scoring two points simultaneously.

SEC. 30. A goal made from the field shall count as 2 points; a goal made from a foul shall count as 1 point; a goal thrown shall count for the side into whose basket the ball is thrown, even though it was done by mistake. To constitute a goal, the ball must enter and remain in the basket until after the **Referee's**

Scoring of goals.

What constitutes a goal.

RULE XI.

decision. The **Referee** decides when a goal has been made.

Basket or ball touched by opponent. SEC. 31. If the basket or ball is touched by an opponent when the ball is on the edge of the basket, the **Referee** shall award 1 point to opposing team.

One point awarded for a foul. SEC. 32. If a player while trying for goal is fouled by an opponent, and it is called by either the **Referee** or **Umpire**, the **Referee** shall award 1 point to the team whose player was fouled, and if the player succeeds in making a goal, it shall also count. This shall not interfere with an additional free throw for goal from foul line.

Free throw mark. SEC. 33. When a foul has been made, the opposite side shall have a free throw for the basket at a distance of not less than *twenty feet* from a point on the floor directly beneath the centre of the basket, measuring towards the opposite basket. The player having a free throw shall not cross the twenty-foot line until the ball has entered or missed the basket. If this rule is violated, a goal, if made, shall not be scored, and, if missed, the ball shall be dead and put in play in the centre. If the basket is missed and no rules have been violated, the ball is in play. The **Referee** renders decisions on this rule.

Ball to be thrown at basket. SEC. 34. The ball shall not be thrown to another player; an honest attempt must be made

RULE XI.

to cage it; if in the judgment of the **Referee** the ball is purposely caromed to another player and he succeeds in throwing a goal, it shall not be counted. In such case whether the goal is made or missed the ball shall be thrown up at the centre. The **Referee** makes the decisions on this rule.

SEC. 35. The blowing of any official's whistle shall not prevent a free throw that has been awarded. If for any reason a whistle is blown by anyone other than the officials authorized to do so, and it is heard by the **Referee**, the game shall stop immediately and the **Referee** shall call "time" until the ball is put in play in the centre. If a goal is thrown it shall not count unless the **Referee** decided the ball was in the air when he heard the whistle.

When an outsider's whistle is sounded.

SEC. 36. No player shall stand nearer than six feet to the thrower, nor in a lane six feet wide from the thrower to the basket nor interfere with the ball until after it reaches the basket. The player shall not be interfered with in any way whatever, either by players or spectators. If this rule is violated by one of the opposite team, and a goal is not made, he shall have another free throw. If violated by one of his own team, or by players of both teams, and a goal is made, it shall not count, and whether missed or made the ball shall be

Six-foot lane for players. Penalty for crossing line before ball reaches basket.

RULE XI.

thrown up at centre. The **Referee** renders the decisions for violation of this rule.

Two fouls at once. SEC. 37. When two or more fouls are called at same time on opposite sides, they shall be thrown in succession and the ball shall be put in play at the centre after the last throw. When two or more fouls are called at the same time on one team, they shall be thrown in succession. If a goal is made on the last throw, the ball shall be put in play at the centre; if missed, the ball is in play.

Goal counts if
whistle is blown
when ball is in
the air.

SEC. 38. If a player throws for the basket and the **Referee** decides the ball was in the air when the whistle of the **Referee, Umpire** or **Timekeeper** sounded, and the throw results in a goal, it shall count, except as provided in secs. 39 and 40.

Goal from
outside.

SEC. 39. When a player makes a throw for the basket and the **Referee** decides that part of his person was touching the floor out of bounds, if a goal is thrown it shall not count; if not made, the ball shall be considered in play.

Goals affected
by fouls.

SEC. 40. A goal thrown before the whistle can be blown for a foul made by the team throwing it shall not count. The **Referee** makes decisions on this rule.

Winning by
default.

SEC. 41. If only one team puts in an appearance at the appointed time, the **Referee** shall announce that the team complying with

RULE XI.

the terms agreed upon shall be declared the winner of the game by default. (See sec. 44.)

SEC. 42. When it happens, however, that neither team is ready to begin playing at the hour appointed for the game, the team which completes its number first and appears on the field ready for play cannot claim a default from its opponent. The latter shall be entitled to fifteen minutes' additional time, and if then unable to present a full team shall be obliged to play short-handed or forfeit the game. The **Referee** shall be the authority on this rule.

When neither
team is ready.

SEC. 43. Any team refusing to play within three minutes after receiving instructions to do so from the **Referee** shall forfeit the game. (See sec. 44.)

SEC. 44. The **Referee** shall announce a team defaulting or forfeiting a game the loser by a score of 2 to 0.

RULE XII.

SECTION I. Fouls are classified according to **FOULS**. their penalties as follows:

(A) *General*.—1. Delaying game (Rule XI, sec. 3); 2. Tackling ball (Rule XI, sec. 10); 3. Kicking ball (Rule XI, sec. 12); 4. Striking ball (Rule XI, sec. 12); 5. Advancing with the ball (Rule XI, sec. 13); 6. Hugging ball (Rule XI, sec. 14); 7. Dribbling (Rule XI, sec. 15); 8. Tackling opponent (Rule XI, sec. 23); 9. Holding opponent (Rule XI, sec. 23);

RULE XII.

10. Pushing opponent (Rule XI, sec. 23) ; 11. Addressing officials (Rule XII, sec. 3).

(B) *Specific—Fouls for which players may be disqualified.*—1. Striking opponent (Rule XI, sec. 24) ; 2. Kicking opponent (Rule XI, sec. 24) ; 3. Shouldering opponent (Rule XI, sec. 24) ; 4. Tripping opponent (Rule XI, sec. 24) ; 5. Hacking opponent (Rule XI, sec. 24) ; 6. Unnecessary roughness (Rule XI, sec. 24) ; 7. Using profane or abusive language (Rule XII, sec. 4).

Officials to be
strict and to go
by spirit of
rules.

SEC. 2. Officials are expected to be as strict as possible, both with players and spectators. In all cases not covered in these rules officials are to use their own judgment in accord with the general spirit of the rules.

Derogatory
remarks about
officials.

SEC. 3. Any remarks, whether addressed to an official or not, on the part of a player during the progress of the game derogatory in any way to the officials shall be called a foul by the **Referee**.

Profanity
disqualifies.

SEC. 4. The **Referee** shall promptly disqualify any player using profane or abusive language.

Behavior of
spectators.

SEC. 5. The home team shall be held responsible for the behavior of the spectators. Failure to keep them from interfering, coaching, etc., with the progress of the game or for discourteous conduct shall, after a warning by the **Referee**, make the home team liable to forfeit the game. In serial championship games

RULE XII.

the championship committee is responsible.
(Rule III, sec. 6.)

SEC. 6. In case of any doubt on any point, *in the mind of the Referee or Umpire*, arising from the presence of the spectators, the visiting team shall have the benefit of the doubt.

Visiting team to
have benefit
of doubt.

SEC. 7. There shall be no protests against the decisions of the officials except in regard to interpretation of rules.

Protesting
decisions of
officials.

SEC. 8. All the questions pertaining to the interpretation of the rules may be referred to the Basket Ball Committee of the Amateur Athletic Union, P. O. Box 611, New York City. Protests must be presented in writing within forty-eight hours.

Questions
concerning
interpretation
of rules.

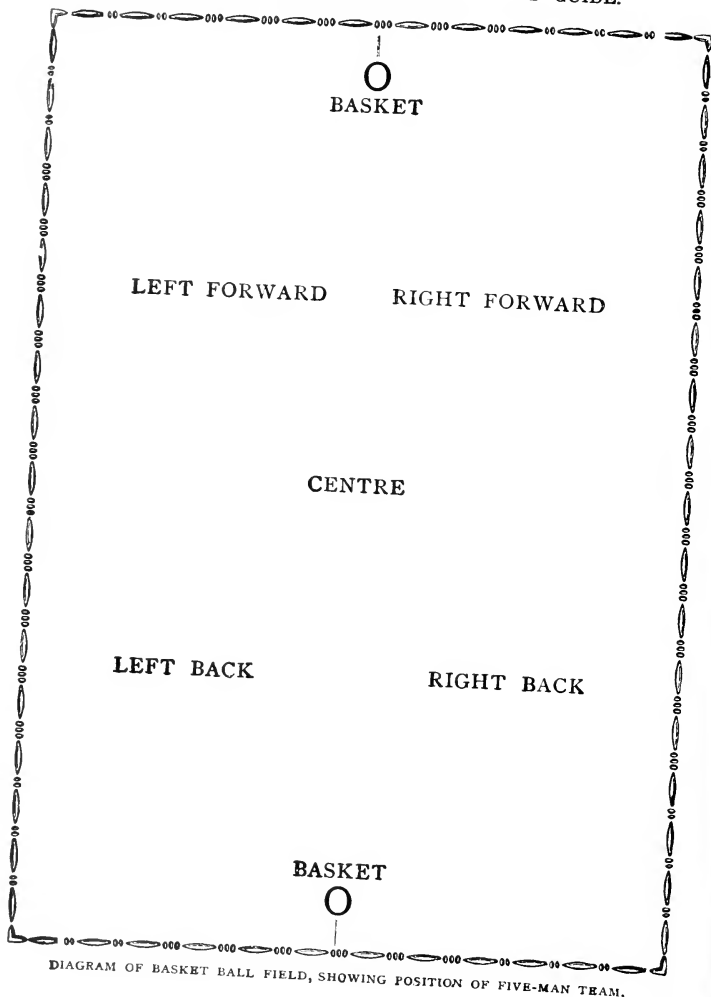

DIAGRAM OF BASKET BALL FIELD, SHOWING POSITION OF FIVE-MAN TEAM.

HOW TO SCORE BASKET BALL

BY LUTHER HALSEY GULICK, M. D.

The increased use of the score book last year resulted in the teams getting down to more scientific playing. Better records were kept, and the managers were able to size up their men more accurately. This score book is almost a necessity to the manager of a team who wishes to keep accurate record of all his players; who made the fouls, and what kind of fouls; who made the goals, and under what conditions they were made. A sample page for a single team is herewith given. In the first column is found the names of the team and the players; in the second column, the goals that were made during the first half. In this column will be found three sets of marks: an X, which is a goal from the field; an O, which is an attempted goal from a free throw, but which was missed, and an X inside of an O, which means a goal thrown from a free throw. The X, of course, counts two points, the O nothing and the X inside an O, one point. At the bottom of the column is the total number of points made during that half. In the third column are the fouls. First, is A1. By referring to the bottom of the page, under the head of FOULS, we see that A1 is for delaying the game. This foul, together with A5 and A4, was made by John Jones. If A. P. Yost had made another Class B foul, he would have been disqualified. In the second half, the captain thought that Chas. Brown would best make the free throws, but after two failures, he went back to John Jones who scored two. A score kept in this way is of the greatest value, and without it a scientific estimate of the men is hardly possible.

NAME OF TEAM	FIRST HALF		SECOND HALF	
	GOALS	FOULS	GOALS	FOULS
<i>Noneseuch</i>	X O 8	A1 A5 A4	8 X 8	A4
<i>John Jones</i>	X	B4

SUGGESTIONS FOR OFFICIALS

BY GEORGE T. HEPBRON.

There was a decided improvement in the efficiency of the officials last season. This is to be expected as the rules became better known and the object of the game better understood; still, there is room for improvement.

The fact that a man is a good player is not sufficient reason for selecting him to be an official. In addition, he must have character and backbone.

If, among others, the following characteristics are exhibited by the officials, the games this season will be better officered, and less friction will be manifested:

1. Instant recognition of a violated rule and the penalty for same.
2. Backbone enough to make a decision and stick to it.
3. Abstinence from fault finding. (The duty of officials is to make decisions—not to lecture the players.)
4. Readiness to explain in the fewest possible words why that particular ruling was made.
5. Willingness to produce the rule as authority for action.
6. Never, under any circumstances, allowing the prolonged discussion of a rule during the progress of the game.
7. Willingness to allow the players the privilege of appeal from his interpretation of the rules to the proper committee.
8. Kindness and courtesy to all and the maintenance of a level head under trying circumstances.
9. A strong purpose to follow the rules in letter and spirit, and a determination not to be susceptible to outside influences.
10. Will not overstep his authority, appreciating at the same time his full duty.
11. Knows the rules so well that a reversal of decision is not necessary.
12. Impartial in all his dealings.

AUXILIARY BASKET BALL COMMITTEE

The Basket Ball Committee recommended to the A.A.U. that auxiliary members of this committee be appointed in every section where such appointment would assist in maintaining a high amateur standing for the game.

This recommendation was favorably acted upon, and steps were taken to establish such a committee.

All the A.A.U. committees in the various sections of the country were corresponded with and the names on page 4 is the result.

The committee hopes to add to this list from time to time, until every locality in the country is represented.

This plan will put basket ball more in the hands of those who play the game than is done in any other sport at the present time.

The duties of this committee are as follows:

1. To keep a list of all the teams in their locality.
2. To receive suggestions regarding changes in rules for the next year and forward to proper person.
3. To collect the photographs of the best teams in their locality and forward to proper person.
4. To assist in conducting tournaments in their vicinity which are held in accordance with the rules of amateur sport.
5. To furnish for the Annual Guide a report of their locality regarding the progress of the game in general and of tournaments in particular.
6. To assist in every way possible to keep the game free from professionalism and to eliminate individuals who are not disposed to play gentlemanly ball.
7. To dig out good, level-headed men for officials who are interested in seeing fair play for both sides.
8. To keep in close touch with the national committee on the correct interpretation of rules.

Those interested are requested to send names of good men for this committee.

SUGGESTIONS FOR TEAMS

1. Select a coach that is interested in the well-being of the game and is not blinded with the god of victory.
2. Select a manager that will not lead the team into professional games.
3. Select only competent, impartial officials. If there are none in your locality, develop some.
4. Select teams to play that use only the official rules.
5. Select teams that play with the official ball and save your team from losing a game already won by having the game declared forfeited because another ball was used.
6. Select teams to play that use the official basket ball and have a background in accordance with the rules.
7. Select only those teams that abide by the recognized rules, having their games sanctioned and men registered.
8. Select teams to play that have suitable floor space so the spectators do not interfere.
9. Select teams to play that do not allow rowdies in to see the game, to insult your players and create disorder.
10. In short, abide by the rules yourself and insist on others doing likewise or refuse to play them.

A letter addressed to the secretary of the A.A.U. Basket Ball Committee, 21 Warren Street, New York, will be courteously treated and information given on interpretation of rules, and the names of the persons to whom you may apply for registration and sanction, etc. Please enclose stamp for reply.

BASKET BALL WEARING APPAREL

A Basket Ball Player fully equipped with Spalding complete Basket Ball Suit and V-neck Sweater Before Game is Called.

In wearing apparel for the basket ball player, as well as for all other sports, A. G. Spalding & Bros. are supreme. Their long experience of over twenty-five years in the athletic goods business has enabled them to meet all demands, and often to anticipate the wants of a vast clientele in the athletic world. They have made a specialty of catering to the needs of the basket ball player, and no matter how exacting the demands, are always ready to meet them. The goods listed herein will be found exactly as represented and the best of their kind.

When buying equipment for basket ball, whether it be clothing or implements for the game, be sure to look for the Spalding trade mark, then rest assured that whatever you purchase will not be found wanting in any particular.

WILLISTON SEMINARY.

Photo by Cady.

A. G. Spalding & Bros. have outfitted the best college teams in the country, not only in regard to basket ball, but in everything that pertains to athletic sport, their object being to produce the correct article for the athletic purpose intended, using the best material and employing skilled workmen, which has been and will continue to be the policy of A. G. Spalding & Bros., in conducting their manufacturing departments.

This shoe has been designed for basket ball players. The wearer cannot slip because of the unique construction of the sole, which is made of rubber with holes in it so as to form a sufficient suction when in contact with the floor to prevent slipping and yet not enough to interfere with the freest action.

This shoe, No. BB, is well made, of the best material,

and of inestimable value on any floor, and especially on a slippery floor where instant starting and stopping is necessary to play the best game.

This shoe sells for \$4.00, and fills a long felt need. A team equipped with these shoes begins the game with a decided advantage over the opposing team.

The No. BBL shoe is made same as above with the exception that it is for ladies' use and sells for \$3.50.

A good high-cut rubber

WINTHROP MODEL SCHOOL TEAM, PEABODY COLLEGE FOR
TEACHERS, NASHVILLE, TENN.

A Basket Ball Player Equipped with Spalding Complete Suit Ready for Game.

soled canvas shoe is sold under No. 1H for \$1.50, and another one of similar style, cheaper grade, for \$1.00, and is catalogued under No. M.

In low cut shoes, No. 1, which corresponds in quality to No. 1H, sells for \$1.25, while the next grade low-cut costs 75 cents.

Various styles of pants are used in basket ball. The No. 1PB, costing \$1.75 a pair, is made of good quality brown canvas, and padding will not interfere with free movements. No. 5B, made of heavy brown canvas, padded loosely on hips and very loose fitting, costs \$1.00 per

pair. No. XPB is made of heavy white drill and well padded, and costs 75 cents per pair.

No. 1PB.

No. 5B.

Those desiring knee tights will find the No. 604 at \$1.25 a pair and made of worsted, and the No. 4B, of sanitary cotton, at 50 cents a pair, well made and very desirable.

Knee pants are preferred by some. Those of white or black sateen, fly front, lace back, cost \$1.25, \$1.00, 75 or 50 cents per

CINCINNATI (OHIO) Y. M. C. A. PIRATES.

CINCINNATI (OHIO) Y. M. C. A. REGULARS.

pair, according to quality of material. Stripes down sides cost 25 cents per pair extra.

Shirts of various styles and material to suit the player are enumerated as follows: Sleeveless ones of worsted, No. 600, at \$1.25; sanitary cotton, No. 6E, at 50 cents.

Those desiring quarter sleeves should order No. 601, of worsted, at \$1.25, or sanitary cotton, No. 6F, at 50 cents.

Either of the foregoing, especially the worsted, will be found to give entire satisfaction.

The sanitary cotton are well made, but being cotton, do not absorb the perspiration as readily, but in other respects make a good garment for the purpose intended.

Sweater are a needed adjunct of every basket ball player's outfit. Spalding's No. A Intercollegiate Sweater, which is the official sweater worn by all the leading university and college teams, is made of pure Australian lambs' wool and has been found indispensable as a preventative for taking cold. It retails for \$6.00. The No. B heavy weight sweater retails for \$5.00, and the No. C, standard weight, for \$4.00.

In jerseys, a very popular garment worn with sleeveless jackets, is Spalding's No. 10PX, which is manufactured from hard twisted worsted of good quality and closely woven. It is made with a solid color body with

alternate striped sleeves—usually two inches of same color as body with narrow stripes of any color. It costs \$2.75. The same

grade in solid, plain colors, costs \$2.50. Full striped jerseys in a large variety of colors—Spalding's No. 10PS is a popular style—cost \$3.00 each.

No. 1R

Every good player realizes that a stocking of extra value is necessary for basket ball, and can rest assured that these are the best that can be procured for the money.

No. 3-0S stockings are made of heavy ribbed wool, especially woven, and come in a variety of alternate colors to suit the most critical. These stockings retail for \$1.75 per pair. The

No. 3-0S

same grade in plain cost 25 cents less. The No. 1RS stockings, heavy weight, also have alternate colors and retail for \$1.25 per pair; the medium weight in same grade retails for \$1.00. The Nos. 1R, 2R and 3R come in heavy, medium and lighter weight, and sell for \$1.00, 80 and 60 cents respectively. A pair of cotton stockings can be bought for 25 cents.

A good belt to wear is No. 804, in black only, which retails for 85 cents. A cheaper quality can be bought for 25 cents.

No. 804

No player should play without a supporter. This advice is not needed by some who have learned the above by serious experience. Many a game is lost by the best player being injured and withdrawn from the game because the above advice has not been heeded.

No. 5

The No. 5 "Bike" Supporter has been conceded by all as the "only" jockey strap suspensory. It is clean, comfortable and porous, and is made in three sizes. The price is 75 cents.

The Spalding

Two other well known suspensories are the Spalding which sells

COMPLETE BASKET BALL OUTFIT

Official Goal.

A. G. Spalding & Bros.' No. 80 goals, price \$4.00 per pair, are the ones referred to as "official" in the basket ball rules and must be used in all match games. The leading teams of the country are using these goals. A new feature of the goal this season will be a unique arrangement of the net, so the bottom can be

left open for practice and closed for match games. No annoying stoppages of the game to repair inferior goals will occur where these goals are used.

The conditions in the basket ball rules relating to the ball are extremely rigid, and it requires the greatest care in selection of materials, the most skilled mechanics being required to make them. This has made the Spalding ball the most difficult one on the market to manufacture, because, to be of uniform size and weight, each piece of leather must be of the best, so as to prevent irregularity in shape and endurance.

The No. M, manufactured by A. G. Spalding & Bros., and sold for \$5.00, is the one mentioned as the "official" ball in the basket ball rules. Be sure it bears the trade-mark as shown on page 92, as this ensures excellence in manufacture, quality and workmanship. This ball must be used in all match games.

Is there anything more annoying than to have the rubber bladder burst in the midst of a good series of plays? The ball has to be unlaced, the bursted bladder removed and a new one replaced—providing you happen to have one—and then laced up again. All this time the spectators are waiting patiently—or otherwise, the players are anxious to play, and the whole game may be spoiled by this occurrence. Suppose the renewed one should burst within the next five minutes—perish the thought! The only thing to do is to call the game off, give rain checks, and play it out at some later date. All this may be obviated by getting the official ball in the first place, which is fitted with one of A. G. Spalding & Bros.' No. OM bladders. They cost \$1.00 each, and are fully guaranteed. These may be bought separate from the ball if desired, and it is a good plan to always have an extra one on hand.

The outdoor tournament at the Louisiana Purchase Exposition in St. Louis was a success. A. G. Spalding & Bros.' Outdoor Goals contributed largely to this success. After these goals were put in position for the first game of the series they needed no attention whatever, remaining in place as rigid as if put up inside on a solid wall.

All club managers should keep official scores. The Spalding Official Score Book was prepared to meet the demand of the intelligent players who wished to keep record of goals and fouls, their nature, and by whom made. This book enables the manager to tell at a glance how many fouls and goals each man made, and serves as a guide for him in coaching his team. A score book containing space for ten games can be bought for 10 cents, or one for twenty-five games, 25 cents.

SPALDING'S ATHLETIC LIBRARY

Spalding's Athletic Library is devoted to all athletic sports and pastimes, indoor and outdoor, and is the recognized American cyclopedia of sport. Each book is complete in itself; and those sports which are governed by National Associations always designate Spalding's Athletic Library as the official publication. This gives to each book the official authority to contain the rules. Each year the books are brought up to date, with the latest rules, new ideas, new pictures and valuable information, thus making the series the most valuable of its kind in the world. The price, 10 cents per copy, places them in the reach of all, and no one's library can be complete unless all numbers are found therein.

No. 13-How to Play Hand Ball

By the world's champion, Michael Egan, of Jersey City. This book has been rewritten and brought up to date in every particular. Every play is thoroughly explained by text and diagram. The numerous illustrations consist of full pages made from photographs of Champion Egan, showing him in all his

characteristic attitudes. Price 10 cents.

No. 14-Curling

A short history of this famous Scottish pastime, with instructions for play, rules of the game, definitions of terms and diagrams of different shots. Price 10 cents.

No. 23-Canoeing

By C. Bowyer Vaux. Paddling, sailing, cruising and racing canoes and their uses; with hints on rig and management; the choice of a canoe; sailing canoes; racing regulations; canoeing and camping. Fully illustrated. Price 10 cents.

No. 27—College Athletics

M. C. Murphy, the well-known athletic trainer, now with Pennsylvania, the author of this book, has written it especially for the schoolboy and college man, but it is invaluable for the athlete who wishes to excel in any branch of athletic sport. The subjects comprise the following articles: Training, starting, sprinting; high and broad jumping; hurdling; pole vaulting; throwing the hammer. Illustrated. Price 10 cents.

ing; how to train for the quarter, half, mile and longer distances; walking; high and broad jumping; hurdling; pole vaulting; throwing the hammer. Illustrated. Price 10 cents.

No. 29—Exercising With Pulley Weights

By Dr. Henry S. Anderson, instructor in heavy gymnastics Yale gymnasium, Anderson Normal School, Chautauqua University. In conjunction with a chest machine anyone with this book can become perfectly developed. Contains all

the various movements necessary to become proficient and of well-developed physique. Price 10 cents.

No. 40—Archery

By J. S. Mitchel. An introductory chapter on the use of the bow and arrow; archery of the present day; the bow and how to use it, with practical illustrations on the right and wrong method of aiming. Price 10 cents.

No. 55—Official Sporting Rules

Contains rules not found in other publications for the government of many sports; rules for wrestling, cross-country running, shuffleboard, skating, snowshoeing, quoits, potato racing, professional racing, racquets, pigeon flying, dog

racing, pistol and revolver shooting. Price 10 cents.

No. 87—Athletic Primer

Edited by James E. Sullivan, Secretary-Treasurer of the Amateur Athletic Union; tells how to organize an athletic club, how to conduct an athletic meeting, and gives rules for the government of athletic meetings; contents also include directions for building a track and laying out athletic grounds, and a very instructive article on

training; fully illustrated with pictures of leading athletes in action. Price 10 cents.

No. 102—Ground Tumbling

By Prof. Henry Walter Worth, who was for years physical director of the Armour Institute of Technology. Any boy, by reading this book and following the instructions, which are drawn from life, can become a proficient tumbler; all the various tricks explained. Price 10 cents.

No. 104—The Grading of Gymnastic Exercises

By G. M. Martin, Physical Director of the Y. M. C. A. of Youngstown, Ohio. It is a book that should be in the hands of every physical director of the Y. M. C. A., school, club, college, etc. The contents

comprise: The place of the class in physical training; grading of exercises and season schedules—grading of men, grading of exercises, season schedules for various classes, elementary and advanced classes, leaders, optional exercises, examinations, college and school work; calisthenic exercises, graded apparatus exercises and general massed class exercises. Nearly 200 pages. Price 10 cents.

No. 124—How to Become a Gymnast

By Robert Stoll, of the New York A. C., the American champion on the flying rings from 1885 to 1892. Any boy who frequents a gymnasium can easily follow the illustrations and instructions in this book and with a little practice become proficient on the horizontal and parallel

bars, the trapeze or the "horse." Price 10 cents.

No. 128—How to Row

By E. J. Giannini, of the New York A. C., one of America's most famous amateur oarsmen and champions. This book will instruct any one who is a lover of rowing how to become an expert. It is fully illustrated, showing how to hold the oars, the finish of the stroke and other information that will prove valuable to

the beginner. Contains also the official laws of boat racing of the National Association of Amateur Oarsmen. Price 10 cents.

No. 129—Water Polo

By Gus Sundstrom, instructor at the New York A. C. It treats of every detail, the individual work of the players, the practice of the team, how to throw the ball, with illustrations and many valuable hints. Price 10 cents.

No. 138—Official Croquet Guide

Contains directions for playing, diagrams of important strokes, description of grounds, instructions for the beginner, terms used in the game, and the official playing rules. Price 10 cents.

No. 140—Wrestling

Catch as catch can style. By E. H. Hitchcock, M. D., of Cornell, and R. F. Nelligan, of Amherst College. The book contains nearly seventy illustrations of the different holds, photographed especially and so described that anybody who desires to become expert in wrestling can with

little effort learn every one. Price 10 cents.

No. 142—Physical Training Simplified

By Prof. E. B. Warman, the well-known physical culture expert. Is a complete, thorough and practical book where the whole man is considered—brain and body. By following the instructions no apparatus is required. The book is adapted for

both sexes. The exercises comprise directions as follows: how to stand; how to sit; how to rest; breathing; exercises for the fingers, wrists, elbows, shoulders, neck, hips, knees, ankles; a word about the muscles; the arms and thighs; shoulders and chest; waist; sides; back and abdomen; bowing; bending; twisting; the liver squeezer, etc., etc. Fully illustrated. Price 10 cents.

No. 143—Indian Clubs and Dumb-Bells

Two of the most popular forms of home or gymnasium exercise. This book is written by America's amateur champion club swinger, J. H. Dougherty. It is clearly illustrated, by which any novice can become an expert. Price 10 cents.

No. 149—The Care of the Body

A book that all who value health should read and follow its instructions. By Prof. E. B. Warman, the well known lecturer and authority on physical culture. The subject is thoroughly treated, as a glance at the following small portion of the contents shows: An all-around athlete; muscular Christianity; eating; diet—various opin-

ions; bill of fare for brain workers; bill of fare for muscle-makers; what to eat and drink; a simple diet; an opinion on brain food; why is food required? drinking water; nutrition—how food nourishes the body; a day's food, how used; constituents of a day's ration—beefsteak, potatoes bread, butter, water; germs of disease; etc. Price 10 cents.

No. 154—Field Hockey

To those in need of vigorous and healthful out-of-doors exercise, this game is recommended highly. Its healthful attributes are manifold and the interest of player and spectator alike is kept active throughout the progress of the game. The game is prominent in the sports at Vassar, Smith, Wellesley, Bryn Mawr and

other leading colleges. Price 10 cents.

No. 156—The Athlete's Guide

How to become an athlete. It contains full instructions for the beginner, telling how to sprint, hurdle, jump and throw weights, general hints on training; in fact, this book is one of the most complete on the subject that has ever appeared. Special chapters contain valuable advice to beginners and important A. A. U. rules

and their explanations, while the pictures comprise many scenes showing champions in action. Price 10 cents.

No. 157—How to Play Lawn Tennis

A complete description of lawn tennis; a lesson for beginners and directions telling how to make the most important strokes; styles and skill of the experts; the American twist service; how to build and keep a court. Illustrated from photographs

of leading players in action. Price 10 cents.

No. 158—Indoor and Outdoor Gymnastic Games

Without question one of the best books of its kind ever published. Compiled by Prof. A. M. Chesley, the well-known Y. M. A. C. physical director. It is a book that will prove valuable to indoor and outdoor gymnasiums,

schools, outings and gatherings where there are a number to be amused. The games described comprise a list of 120, divided into several groups. Price 10 cents.

No. 161—Ten Minutes' Exercise for Busy Men

By Dr. Luther Halsey Gulick, superintendent of physical training in the New York public schools. Anyone who is looking for a concise and complete course of physical education at home would do well to procure a copy of this book. Ten

minutes' work as directed is exercise anyone can follow. It already has had a large sale and has been highly commended by all who have followed its instructions. Nearly 100 pages of illustrations and 100 of text. Price 10 cents.

No. 162—How to Become a Boxer

For many years books have been issued on the art of boxing, but it has remained for us to arrange a book that we think is sure to fill all demands. It contains over 70 pages of illustrations showing all the latest blows, posed especially for this book

under the supervision of one of the best instructors of boxing in the United States, who makes a specialty of teaching and who knows how to impart his knowledge. They are so arranged that anyone can easily become a proficient boxer. The book also contains pictures of all the well known boxers. A partial list of the 200 pages of the book include: A history of boxing; how to box; the correct position; the hands; clenching the fist; the art of gauging distance; the first principles of hitting; the elements of defence; feinting; knockout blows; the chin punch; the blow under the ear; the famous solar plexus knockout; the heart blow; famous blows and their originators: Fitzsimmons' contribution; the McCoy corkscrew; the kidney punch; the liver punch; the science of boxing; proper position of hand and arm; left hook to face; hook to the jaw; how to deliver the solar plexus; correct delivery of a right uppercut; blocking a right swing and sending a right uppercut to chin; blocking a left swing and sending a left uppercut to chin; the side step; hints on training, diet and breathing; how to train; rules for boxing. Price 10 cents.

No. 165—The Art of Fencing

This is a new book by Regis and Louis Senac, of New York, famous instructors and leading authorities on the subject. Messrs. Senac give in detail how every move should be made, and tell it so clearly that anyone can follow the instructions. It is illustrated with sixty full page pictures, posed especially for this book. Price 10 cents.

No. 166—How to Swing Indian Clubs

By Prof. E. B. Warman, the well-known exponent of physical culture. By following the directions carefully anyone can become an expert. Price 10 cents.

No. 167—Quoits

By M. W. Deshong. The need of a book on this interesting game has been felt by many who wished to know the fine points and tricks used by the experts. Mr. Deshong explains them, with illustrations, so that a novice can readily understand. Price 10 cents.

No. 170—Push Ball

Played with an air-inflated ball 6 feet in diameter, weighing about 50 pounds. A side consists of eleven men. This book contains the official rules and a sketch of the game; illustrated. Price 10 cents.

No. 171—Basket Ball for Women

Edited by Miss Senda Berenson, of Smith College. Contains the rules for basket ball for women as adopted by the conference on physical training, held in June, 1899, at Springfield, Mass., and articles on the following subjects: Psychological effects of basket ball for women, by Dr. L. H. Gulick, superintendent of physical training in the schools of Greater New York; physiological effects of basket ball, by Theodore Hough, Ph. D.; significance of basket ball for women, by Senda Berenson; relative merit of the Y. M. C. A. rules and women's rules, by Augusta Lane Patrick; practical side of basket ball, by Ellen Emerson, B. K.; Agnes Childs, A. B. and Fanny Garrison, A. B.; A Plea for Basket Ball, by Julie Ellsbee Sullivan, Teachers' College, New York; diagram of field, showing position of team; illustrated with many pictures of basket ball teams. Price 10 cents.

No. 174—Distance and Cross Country Running

By George Orton, the famous University of Pennsylvania runner. Tells how to become proficient at the quarter, half, mile, the longer distances, and cross-country running and steeplechasing, with instructions for training and schedules to be observed when preparing for a contest. Illustrated with numerous pictures of leading athletes in action, with comments by the editor on the good and bad points shown. Price 10 cents.

No. 177—How to Swim

By J. H. Sterrett, the leading authority on swimming in America. The instructions will interest the expert as well as the novice; the illustrations were made from photographs especially posed, showing the swimmer in clear water; a valuable feature is the series of "land drill" exercises for the beginner, which is illustrated by many drawings. The contents comprise: A plea for education in swimming; swimming as an exercise and for development; land drill exercises; plain swimming; best methods of learning; the breast stroke; breathing; under-arm side stroke; scientific strokes—over-arm side stroke: double over-arm or "trudgeon" stroke; touching and turning; training for racing; ornamental swimming; floating; diving; running header; back dive; diving feet foremost; the propeller; marching on the water; swimming on the back; amateur swimming rules; amateur plunging rules.. Price 10 cents.

**No. 178—How to Train for
Bicycling**

Gives methods of the best riders when training for long or short distance races; hints on training. Revised and up-to-date in every particular. Price 10 cents.

No. 180—Ring Hockey

A new game for the gymnasium, invented by Dr. J. M. Vorhees of Pratt Institute, Brooklyn, that has sprung into instant popularity; as exciting as basket ball. This book contains official rules. Price 10 cents.

**No. 182—All-Around
Athletics**

Gives in full the method of scoring the All-Around Championship, giving percentage tables showing what each man receives for each performance in each of the ten events. It contains as well instructive articles on how to train for the

All-Around Championship. Illustrated with many pictures of champions in action and scenes at all-around meets. Price 10 cents.

No. 185—Health Hints

A series of articles by Prof. E. B. Warman, the well known lecturer and authority on physical culture. Prof. Warman treats very interestingly of health influenced by insulation; health influenced by underwear; health influenced by color; exercise, who needs it? Price 10 cents.

**No. 187—How to Play
Roller Polo**

Edited by J. C. Morse. A full description of the game; official rules pictures of teams; other articles of interest. Price 10 cents.

**No. 188—Lawn Tennis,
Tether Tennis, Golf Cro-
quet, Volley Ball, Hand
Tennis, Garden Hockey,
Parlor Hockey, Badmin-
ton**

Containing the rules for each game. Illustrated. Price 10 cents.

games, bean bag games, circle games, singing and miscellaneous games. Price 10 cents.

No. 189—Rules for Games

Compiled by Jessie H. Bancroft, director of physical training, department of education, New York City. These games are intended for use at recesses, and all but the team games have been adapted to large classes. Suitable for children from three to eight years, and include a great variety, divided under the general heads of ball

No. 191—How to Punch the Bag

By W. H. Rothwell ("Young Corbett"), champion featherweight of the world. This book is undoubtedly the best treatise on bag punching that has ever been printed. Every variety of blow used in training is shown and explained. The

pictures comprise thirty-three full page reproductions of Young Corbett as he appears while at work in his training quarters. The photographs were taken by our special artist and cannot be seen in any other publication than Spalding's Athletic Library No. 191. Fancy bag punching is treated by a well known theatrical bag puncher, who shows the latest tricks. Price 10 cents.

No. 193—How to Play Basket Ball

By G. T. Hepbron, editor of the Official Basket Ball Guide. Contains full instructions for players, both for the expert and the novice, duties of officials, and specially posed full page pictures showing the correct and incorrect methods of playing.

The demand for a book of this character is fully satisfied in this publication, as many points are included which could not be incorporated in the annual publication of the Basket Ball Guide for want of room. Price 10 cents.

No. 194—Racquets, Squash-Racquets and Court Tennis

The need of an authoritative handbook at a popular price on these games is filled by this book. How to play each game is thoroughly explained, and all the difficult strokes shown by special photographs taken especially for this book. Contains

the official rules for each game, with photographs of well known courts. Price 10 cents.

No. 195—Official Roque Guide

The official publication of the National Roque Association of America. Edited by Prof. Charles Jacobus, ex-champion. Contains a description of the courts and their construction, diagrams of the field, illustrations, rules and valuable information concerning the game of roque. Price 10 cents.

Spalding's Athletic Library.

No. 199—Equestrian Polo Guide

Compiled by H. L. FitzPatrick of the New York Sun. Illustrated with portraits of leading players and contains most useful information for polo players in relation to playing the game, choosing of equipment and mounts; contains the official rules and

handicaps of the National Association. Price 10 cents.

No. 200—Dumb-Bells

This is undoubtedly the best work on dumb-bells that has ever been offered. The author, Mr. G. Bojus, of New York City, was formerly superintendent of physical culture in the Elizabeth (N.J.) public schools, instructor at Columbia University, instructor for four years at the Columbia

summer school, and is now proprietor of the Park Place Gymnasium, at 14 Park Place, New York City. The book contains 200 photographs of all the various exercises, with the instructions in large, readable type. It should be in the hands of every teacher and pupil of physical culture, and is invaluable for home exercise as well. Price 10 cents.

No. 201—Lacrosse—From Candidate to Team

By William C. Schmeisser, captain Johns Hopkins University champion intercollegiate lacrosse team of 1902; edited by Ronald T. Abercrombie, ex-captain and coach of Johns Hopkins University lacrosse team, 1900-1904.

Every position is thoroughly explained in a most simple and concise manner, rendering it the best manual of the game ever published. Illustrated with numerous snapshots of important plays. Price 10 cents.

No. 202—How to Play Base Ball

Edited by T. H. Murnane. New and revised edition. Contents: How to become a batter, by Napoleon Lajoie, James Collins, Hugh Jennings and Jesse Tannehill; how to run the bases, by Jack Doyle and Frank L. Chance; advice to base runners, by

James E. Sullivan, Sec.-Treas. A.A.U.; how to become a good pitcher, by Cy Young, "Rube" Waddell and Bert Cunningham; on curve pitching, by Cy Young, James J. Callahan, Frank Donahue, Vic Willis, William Dineen and Charley Nichols; how to become a good catcher, by Eddie Phelps, William Sullivan and M. J. Kittridge; how to play first base, by Hugh Jennings; how to play second base, by Napoleon Lajoie and William Gleason; how to play third base, by James Collins and Lave Cross; how to play shortstop, by Herman Long; how to play the infield, by Charles A. Comiskey; how to play the outfield, by Fred Clarke; the earmarks of a ball player, by John J. McGraw; good advice for players; how to organize a team; how to manage a team; how to score a game; how to umpire a game; base ball rules interpreted for boys. Price 10 cents.

**No. 205—Official Handbook
of the Public Schools Ath-
letic League**

This is the official handbook of the Public Schools Athletic League, which embraces all the public schools of Greater New York. It contains the official rules that govern all the contests of the league, and constitution, by-laws and officers. Edited by Dr. Luther Halsey Gulick, superintendent of physical education in the New York public schools, and Wm. C. J. Kelly, secretary of the league. Illustrated. Price 10 cents.

**No. 207—Bowling on the
Green; or, Lawn Bowls**

How to construct a green; necessary equipment; how to play the game, and the official rules as promulgated by the Scottish Bowling Association. Edited by Mr. James W. Greig. Illustrated. Price 10 cents.

**No. 208—Physical Education
and Hygiene**

This is the fifth of the Physical Training series, by Prof. E. B. Warman (see Nos. 142, 149, 166 and 185), and a glance at the contents will show the variety of subjects: Chapter I—Basic principles; longevity. Chapter II—Hints on eating; food values; Chapter III—Medicinal value of certain foods. Chapter IV—The efficacy of sugar; sugar, food for muscular work; eating for strength and endurance; fish as brain food; food for the children. Chapter V—Digestibility; bread; appendicitis due to flour. Chapter VI—Hints on drinking—Water, milk, butter-milk, tea, coffee; how to remain young. Chapter VII—Hints on bathing; cold, hot, warm, tepid, salt, sun, air, Russian, Turkish, cabinet. Chapter VIII—Hints on breathing; breathlessness, heart strain, second wind, yawning, the art of yogi. Price 10 cents.

**No. 209—How to Be-
come a Skater**

Contains advice for beginners; how to become a figure skater thoroughly explained, with many diagrams showing how to do all the different tricks of the best figure skaters, including the Mohawk, with all its variations; Q's, forward and backward, inside and outside; the crosscuts, including the difficult Swedish style; inside and outside spins; the grapevine, with its numerous branches, and many other styles, which will be comparatively simple to any one who follows the directions given. Profusely illustrated with pictures of prominent skaters and numerous diagrams. Price 10 cents.

cure insomnia; asleep in two minutes; for those who ride wheels; summer outdoor exercise; profuse perspiration; danger of checking perspiration; dress, hot weather, etc., etc. Price 10 cents.

No. 213—285 Health Answers

Contents: Necessity for exercise in the summer; three rules for bicycling; when going up-hill; sitting out on summer nights; ventilating a bedroom; ventilating a house; how to obtain pure air; bathing; salt water baths at home; a substitute for ice water; drinking ice water; to

No. 214—Graded Calisthenics and Dumb-Bell Drills

custom in most gymnasiums of memorizing a set drill, never varied from one year's end to the other. Consequently the beginner was given the same kind and amount as the older member. With a view to giving uniformity the present treatise is attempted. Price 10 cents.

By Albert B. Wegener, Physical Director Y. M. C. A., Rochester, N. Y. Ever since graded apparatus work has been used in gymnastics, the necessity of having a mass drill that would harmonize with it has been felt. For years it has been the established

No. 215—Indoor Base Ball

America's national game is now vying with other indoor games as a winter pastime. This book contains the playing rules, pictures of leading teams, and interesting articles on the game. Price 10 cents.

No. 216—How to Become a Bowler

By S. Karpf, Secretary of the American Bowling Congress, and one of the best posted men on bowling in America. Contents: History of the sport; diagrams of effective deliveries; how to bowl; a few hints to beginners; American Bowling Congress; the national championships; how to build an alley; how to score; spares—how they are made. Rules for cocked hat, cocked hat and feather, quintet, battle game, nine up and nine down, head pin and four back, ten pins—head pin out, five back, the Newport game, ten pin head pin game, duckpin game, head pin game, New England candle pin game. Illustrated with portraits of all the prominent bowlers. Price 10 cents.

No. 217—Olympic Handbook

Compiled by J. E. Sullivan, Chief Department Physical Culture, Louisiana Purchase Exposition, and Director Olympic Games, 1904. Contains a complete report of the Olympic Games of 1904, with list of records and pictures of hundreds of athletes; also reports of the games of 1896 and 1900. Price 10 cents.

Spalding's Athletic Library.

No. 218—Ice Hockey and Ice Polo

Written by the most famous player in Canada, A. Farrell, of the Shamrock hockey team of Montreal. It contains a complete description of the game, its origin, points of a good player, and an instructive article on how game is played, with diagrams

and official rules. Illustrated with pictures of leading teams. Price 10 cents.

No. 219—Base Ball Percentage Book

To supply a demand for a book which would show the percentage of clubs without recourse to the arduous work of figuring, the publishers of Spalding's Athletic Library have had Mr. John B. Foster, Sporting Editor of the New York Evening

Telegram, compile a book which answers every requirement, and which has met with the greatest praise for its accuracy and simplicity. No follower of the game can afford to be without it. Price 10 cents.

No. 220—Official Base Ball Guide

Edited by Henry Chadwick, the "Father of Base Ball," the official publication of base ball. It contains a complete record of all leagues in America, pictures of teams, official rules and reviews of the game. The standard base ball annual of the country. Price 10 cents.

No. 221—Spalding's Lawn Tennis Annual

Contains official statistics, photographs of leading players, special articles on the game, review of important tournaments, official rules, handicapping rules and tables; list of fixtures for the current year and other valuable information. Price 10 cents.

No. 222—Spalding's Official Cricket Guide

Edited by Jerome Flannery. The most complete year book of the game that has ever been published in America. It contains all the records of the previous year, reports of special matches, official rules and pictures of all the leading teams and

individual players. Price 10 cents.

An Encyclopedia of Base Ball

Attention is called to the following ten numbers of Spalding's Athletic Library, embracing the greatest collection of books of instruction for playing the various positions in the game that has ever been published. These books are entirely new and up-to-date, and contain the latest methods of play, as only last season's star players were consulted in their compilation. Each number is complete in itself and is profusely illustrated. Be sure and ask for Spalding's Athletic Library. Price 10 cents for each book. For detailed description see following numbers:

No. 223—How to Bat

The most important part of ball playing nowadays, outside of pitching, is batting. The team that can bat and has some good pitchers can win base ball games; therefore, every boy and young man who has, of course, already learned to catch, should turn his attention to this department of the

game, and there is no better way of becoming proficient than by reading this book and then constantly practising the little tricks explained therein. It is full of good advice to batsmen, and many good batters will be surprised to find contained in it so many points of which they were unaware. Edited by Jesse F. Matteson of the Chicago American, and profusely illustrated.. Price 10 cents.

No. 224—How to Play the Outfield.

Compiled especially for the young player who would become an expert. The best book on playing the outfield that has ever been published. There are just as many tricks to be learned, before a player can be a competent fielder, as there are in any

other position on a nine, and this book explains them all. Illustrated with numerous page pictures of leading outfielders. Price 10 cents.

No. 225—How to Play First Base

No other position on a ball team has shown such a change for the better in recent years as first base. Modifications in line with the betterment of the sport in every department have been made at intervals, but in no other department have they been so radical. No boy who plays the initial sack can afford to overlook the points and hints contained in this book. Entirely

new and up to date. Illustrated with full page pictures of all the prominent first basemen. Price 10 cents.

No. 226—How to Play Second Base

There are so few men who can cover second base to perfection that their names can easily be called off by anyone who follows the game of base ball. Team owners who possess such players would not part with them for thousands of dollars. These men have been interviewed and their ideas incorporated in this book for the especial benefit of boys who want to know the fine

Spalding's Athletic Library.

points of play at this point of the diamond. Illustrated with full page pictures. Edited by J. E. Wray, sporting editor Globe-Democrat, St. Louis. Price 10 cents.

No. 227—How to Play Third Base

just how they play the position. Everything a player should know is clearly set forth and any boy will surely increase his chances of success by a careful reading of this book. Illustrated. Price 10 cents.

No. 228—How to Play Short-stop

Shortstop is one of the hardest positions on the infield to fill, and quick thought and quick action are necessary for a player who expects to make good as a shortstop. The views of every well known player who covers this position have been sought in compiling this book, and it is offered as being the most complete book of its class ever produced. The boy who would excel at short needs to study it thoroughly. Illustrated. Price 10 cents.

No. 229—How to Catch

Undoubtedly the best book on catching that has yet been published. Every boy who has hopes of being a clever catcher should read how well known players cover their position. Among the more noted ones who describe their methods of play in this book are Lou Criger of the Boston Americans, Johnnie Kling of the Chicago Nationals and Jack O'Connor of the St. Louis Browns. The numerous pictures in the book comprise those of all the noted catchers in the big leagues. Price 10 cents.

No. 230—How to Pitch

A new, up-to-date book. Published for the first time this year. No boy can afford to be without a copy of it. Edited by John B. Foster of the Evening Telegram (New York). The object of this book is to aid the beginners who aspire to become clever twirlers, and its contents are the practical teaching of men who have reached the top as pitchers, and who have had experience, both as members of the best clubs playing base ball and as contenders against teams that have enjoyed national reputations. Cy Young, the famous Boston American pitcher, whose steadiness in the box is proverbial, gives advice on control of the ball and tells what a boy should do to obtain it; Sam Leever of the Pittsburghs shows how to pitch the outcurve; William Dineen of the Boston Americans tells how to pitch an inshoot; Thomas Hughes gives hints on pitching the drop; Joe McGinnity, the "iron man," of the New York Nationals, explains how he uses his successful raise ball and his famous "cross fire"; Christy Mathewson, the pride of the

Spalding's Athletic Library.

New York Polo Grounds, discusses the body swing; Frank Hahn, who is left-handed, has something of interest to those who use that member; John J. McGraw, New York Giants' brilliant manager, discourses on the pitcher as a fielder, and as he started in his base ball career as a twirler, his advice has grounds for attention; Al Orth, the "curveless wonder," tells how to make a batter do what you want him to do; John Powell explains how to act when runners are on bases; Charley Nichols, the former pitcher of the Boston Nationals and now manager of the St. Louis Nationals, describes the jump ball; Frank Sparks treats of change of pace, and Jack Chesbro, the star of the New York Americans' pitching corps, describes at length the "spit" ball, of which he is so famous an exponent. The book is profusely illustrated. Price 10 cents.

No. 231—How to Coach; How to Captain a Team; How to Manage a Team; How to Umpire: How to Organize a League.

T. H. Murnane, President of the New England League, on how to organize a league. Price 10 cents.

No. 232—How to Run the Bases

The importance of base running as a scientific feature of the national game is becoming more and more recognized each year. Besides being spectacular, feats of base stealing nearly always figure in the winning of a game. Many a close contest is decided on the winning of that little strip of 90 feet which lies between cushions. When hits are few and the enemy's pitchers

steady, it becomes incumbent on the opposing team to get around the bases in some manner. Effective stealing not only increases the effectiveness of the team by advancing its runners without wasting hits, but it serves to materially disconcert the enemy and frequently has caused an entire opposing club to temporarily lose its poise and throw away the game. This book gives clear and concise directions for excelling as a base runner; tells when to run and when not to do so; how and when to slide; team work on the bases; in fact, every point of the game is thoroughly explained. In addition such clever men as Harry Bay, the fleet footed Cleveland; Frank Chance, Bill Dahlen and Hans Wagner describe their methods of action. Illustrated with pictures of leading players. Price 10 cents.

No. 233—Jiu Jitsu

A complete description of this famous Japanese system of self-defence. Each move thoroughly explained and illustrated with numerous full page pictures of Messrs. A. Minami and K. Koyama, two of the most famous exponents of the Jiu Jitsu in America, who posed especially for this book. Be sure and ask for the Spalding

Athletic Library book on Jiu Jitsu. Price, 10 cents.

No. 234—School Tactics and Maze Running

A series of drills for the use of schools. Edited by Dr. Luther Halsey Gulick, Director of Physical Training in the New York public schools. Price 10 cents.

contains a special article on "Training," in which he gives good advice to beginners. The book also contains many full pages of poses by Geo. Bothner, Tom Jenkins and other famous wrestlers. Besides showing accurately how to secure each hold and fall, the book also contains interesting articles on training, and the official rules for all styles of wrestling. Be sure to ask for the Spalding Athletic Library book "How to Wrestle." Price 10 cents.

No. 236—How to Wrestle

Without question the most complete and up-to-date book on wrestling that has ever been printed. Edited by F. R. Toombs, and devoted principally to special poses and illustrations by Georges Hackenschmidt, the "Russian Lion." It shows the champion in many poses, and also contains

No. 237—Association Foot Ball

A complete and up-to-date guide to the "Socker" game in the United States, containing instructions for playing the game, official rules, and interesting news from all parts of the country. Illustrated with numerous pictures of leading teams. Price 10 cents.

No. 238—Muscle Building

By Dr. L. H. Gulick, Director of Physical Training in the New York public schools. A complete treatise on the correct method of acquiring muscular strength. Illustrated with numerous full page engravings. Price 10 cents.

No. 239—Official Intercollegiate A.A.A. Handbook

Contains constitution, by-laws, laws of athletics, and rules to govern the awarding of the championship cup of the Intercollegiate Athletic Association of Amateur Athletes of America, the governing body in college athletics. Contains official intercollegiate records from 1876 to 1904, with the winner's name and time in each event, list of points won by each college, and list of officers of the association from 1889 to 1904, inclusive. To anyone interested the book is invaluable as a record. Price 10 cents.

No. 240—Spalding's Official Foot Ball Guide

Edited by Walter Camp. Contains the new rules, with diagram of field; All-America teams as selected by leading authorities; reviews of the game from various sections of the country; 1904 scores of all the leading teams; records of special

matches; schedules for the season of 1905; forecast for the season, and pictures of all the prominent teams, embracing nearly 3,000 players. Price 10 cents.

No. 241—Official Handbook of the A. A. U. of the United States

The A. A. U. is the governing body of athletes in the United States of America, and all games must be held under its rules, which are exclusively published in this handbook, and a copy should be in the hands of every athlete and every club officer in America. This book

contains the official rules for running, jumping, weight throwing, hurdling, pole vaulting, swimming, boxing, wrestling, etc., and is an encyclopedia in itself. Price 10 cents.

No. 242—How to Play Foot Ball

Edited by Walter Camp. The contents embrace everything that a beginner wants to know and many points that an expert will be glad to learn. The pictures are made from snapshots of leading teams

and individual players in action, with comments by Walter Camp. Price 10 cents.

No. 243—Official Basket Ball Guide

Edited by George T. Hepbron. Contains the revised official rules, decisions on disputed points, records of prominent teams, reports on the game from various parts of the country, and pictures of hundreds of players. The standard basket ball an-

nual of the country. Price 10 cents.

No. 244—Golf Guide for 1905-6

Edited by Charles S. Cox. Contains records of the important American golf events since their institution, reviews of important matches in 1904-5, short accounts of the state of the game in various parts of America, portraits of prominent players,

and revised rules of the game. Price 10 cents.

No. 245—Official Y. M. C. A. Handbook

Edited by G. T. Hepbron, the well-known athletic authority. It contains the official rules governing all sports under the jurisdiction of the Y. M. C. A., a complete report of the physical directors' conference, official Y. M. C. A. scoring tables,

pentathlon rules, many pictures of the leading Y. M. C. A. athletes of the country, official Y. M. C. A. athletic rules, constitution and by-laws of the Athletic League of Y. M. C. A., all around indoor test, volley ball rules; illustrated. Price 10 cents.

No. 246—Athletic Training for Schoolboys

This book is the most complete work of its kind yet attempted. The compiler is Geo. W. Orton, of the University of Pennsylvania, a famous athlete himself and who is well qualified to give instructions to the beginner. Each event in the inter-

collegiate programme is treated of separately, both in regards to method of training and form. By following the directions given, the young athlete will be sure to benefit himself without the danger of overworking, as many have done through ignorance, rendering themselves unfitted for their task when the day of competition arrived. Price 10 cents.

No. 250—Official Athletic Almanac

Compiled by J. E. Sullivan, Chief Department Physical Culture, Louisiana Purchase Exposition, and Director Olympic Games, 1904. The only annual publication now issued that contains a complete list of amateur best-on-records; complete inter-

collegiate records; complete English records from 1866; swimming records; inter-scholastic records; Irish, Scotch and Australasian records; reports of leading athletic meets; skating records; important athletic events and numerous photos of individual athletes and leading athletic teams. Illustrated with pictures of the year's leading athletes. Price 10 cents

Spalding's Head Harness

Designed to protect those parts of the player's head most liable to be injured seriously, the rear extension coming down low enough to protect thoroughly the base of the brain and the front covering well the region adjacent to the temples. Prominent trainers connected with the large colleges give the Spalding Head Harness their unqualified approval and players will quickly realize the manifold advantages of this additional protection.

Made of firm tanned black leather, molded to shape, perforated for ventilation and well padded. Adjustable chin strap. This head harness presents a perfectly smooth surface, and while giving absolute protection, is one of the coolest and lightest made. When ordering specify size of hat worn.

No. A. Each, \$5.00

Spalding's Combination Foot Ball Glove and Wrist Supporter

Designed by H. B. Conibear, Trainer, University of Chicago. The back of the hand is protected by a piece of sole leather, and any strain to the wrist is avoided by leather strap supporter which forms upper part of the glove. The glove does not interfere with the free use of the hand, and those in use last season were highly commended by the players.

Patented June 17, 1902.

Spalding's Foot Ball Ankle Brace

Designed
by
Mike Murphy,
the
Celebrated
Trainer
of the
Yale Team.

The brace is made of two pieces of finely tempered steel, jointed. It absolutely prevents turning of the ankle, and has been most thoroughly tested in actual play by the Yale team. Can be put in your shoes by any shoemaker.

No. 23. Ankle Brace. Per pair, 50c.

Ten Minutes' Exercise

By
Dr. Luther Gulick

for Busy Men

Dr. Gulick says: "The experience of years has demonstrated the efficiency of the exercises contained in 'Ten Minutes' Exercise for Busy Men' in securing the ends for which they were devised. Many letters have been written by men, testifying to the great benefit which they have secured from these few minutes of simple but vigorous work.

"* * * The correspondence schools of physical training have come into great activity. Their general aim is to build up big muscles. A somewhat careful investigation of them satisfies me that they are inferior to the exercises in this drill for purposes of building up vigor and manliness.

"One of the most vigorous claims of some of these schools, namely, that the heart particularly is benefited by their work, is false, for I have had case after case of men whose hearts have been injured by taking the correspondence schools' work when they were not in condition for it.

"The exercises in 'Ten Minutes' Exercise for Busy Men' are recommended with the confidence of long, successful use. The results secured are better than those possible from the correspondence school work in the specific directions mentioned."

HOW TO BECOME A BOXER

For many years publications have been issued on the art of boxing that to a certain extent did not enable the novice nor the youth to become proficient in the manly art. There is probably no man in America better qualified to teach boxing than Prof. William Elmer, and in his book on the subject he goes into it very exhaustively. The book contains about seventy full page illustrations, showing how each blow is to be made, how to attack and how to defend yourself. It shows how the hands must be held and the positions to take, with descriptions that are so accurate that any boy can take them, open them up and with a young friend become proficient. Besides being a fully illustrated book on the art of self-defence, it contains nearly all the photographs of the leading American boxers and the positions they take, which in itself is instructive; the different rules under which all contests are held, and articles which will interest anyone on the question of physical education. In order to make this publication the most accurate one issued, Prof. Elmer had his sparring partner posed personally for all the illustrations.

New York, May 16, '04.

A. G. SPALDING & BROS.

Gentlemen:

After having used all kinds of boxing gloves, both as an amateur and professional, I can truthfully say that in my opinion, the Spalding Championship Boxing Gloves are the superior of all others for three reasons. First, they are well made and lasting. Second, they do not cut or bruise the skin, and lastly, they are so padded as to make injury to the hands almost impossible.

Very truly yours,

Jimmy Britt

Champion Featherweight Pugilist
of the world.

A SPECIAL AWARD AND GRAND PRIZE

were won by A. G. SPALDING & BROS. at the Louisiana Purchase Exposition, 1884, for the best, most complete and most attractive installation of Gymnastic Apparatus, Base Ball and Athletic Supplies shown at the World's Fair.

The Spalding "CHAMPIONSHIP" Boxing Gloves

are endorsed by all champions and have been exclusively used for years in championship contests and in training. The material and workmanship are of highest quality, the fit is perfect, and by their peculiar construction, absolutely prevent any chance of injury to the hands or wrists. Each set is carefully inspected before packing, and guaranteed in every particular. Made in three sizes, in sets of four gloves.

Spalding Boxing Gloves

This cut illustrates patent palm lacing and patent palm grip referred to in descriptions of our boxing gloves. With these improvements we believe our line is absolutely the finest on the market. The patent palm lacing insuring a snug fit at all times is a very valuable feature, and the patent palm grip, we know, will be appreciated by those who want gloves which are up-to-date in every particular.

THE SPALDING PATENT SOLID STRIKING BAG DISKS

(PATENTED)

THE solid disk for striking bags will always hold a high place in the estimation of many on account of the variety of work it permits. The style which we originally introduced some years ago is the one which has been imitated most generally, but in all these substitutes the makers, while making them lighter, have uniformly neglected the most essential point and have produced an article flimsy and unsatisfactory to a degree.

A striking bag disk must be substantial if it is to be of use, and in the various styles, both adjustable and braced, which we manufacture, this feature has not been neglected, while we have striven to put out a disk which is suitable for home and moderate in price.

No. C-R

Adjustable Style

No. **C-R**. Complete, without bag. . . . Each, \$7.50

The Spalding "Highest Quality" Sweaters

Made of the very finest Australian lamb's wool, and exceedingly soft and pleasant to wear. They are full fashioned to body and arms and without seams of any kind. The various grades in our "Highest Quality" Sweaters are identical in quality and finish, the difference in price being due entirely to variations in weight.

Our No. AA Sweaters are considerably heavier than the heaviest sweater ever knitted and cannot be furnished by any other maker, as we have exclusive control of this special weight.

No. AA. Particularly suitable for foot ball and skating.

Heaviest sweater made.	Each, \$7.00
No. A. "Intercollegiate," special weight.	" 6.00
No. B. Heavy Weight.	" 5.00
No. C. Standard Weight.	" 4.00

Colors: White, Navy Blue, Black, Gray, Maroon and Cardinal.

Other colors to order. Prices on application. All made with 10-inch collars; sizes, 28 to 44 inches.

Send for Spalding's handsomely illustrated catalogue of all athletic sports.
Mailed free to any address.

The Spalding Tubular Steel Racing Skate

FOR years past racing men have been looking for a skate that could be depended upon absolutely. Ordinary solder is not always sufficient to stand the strain at certain points when a man is turning a corner at full speed, and this is one reason why the Spalding Tubular Steel Skate, with every joint brazed like a bicycle frame—not soldered, jumped into such great popularity immediately upon its introduction late last season. We claim that this skate embraces more good points necessary to a first-class racing skate than any other style on the market to-day. We have the opinions and practical experience of some of the most prominent racing men in this country to go by, notably Mr. Sam See, who passed on most of the details of construction, and every pair is backed up with a positive guarantee of quality. If it gives way through any fault of its construction, we will gladly replace with a new pair or refund the money.

Some Good Points about the Spalding Tubular Steel Racing Skate

Absolutely guaranteed; very light weight, all tubular steel construction; every joint brazed, not soldered, making it the strongest racing skate manufactured; blades very thin, made of 1-16 in. Norway tool steel, hardened; toe and heel plates made of the best partly hardened steel, left full size so that they can be cut to fit any size shoe. In three lengths of blade, 14, 15 and 16 inches.

Pair, \$6.00

Showing method of cutting to fit sole of shoe. Full directions for attaching with either lacing or rivets, enclosed with each pair of skates.

PRICE 10 CENTS

AMERICAN SPORTS PUBLISHING COMPANY, 15 WARREN STREET, NEW YORK

A COURSE IN

By Prof. E. B. Warman

Scientific Physical Training

A Complete Course of Physical Training for Home Use.

No. 142—Physical Training Simplified.

By Prof. E. B. Warman, the well known physical culture expert. Is a complete, thorough and practical book where the whole man is considered—brain and body. By following the instructions no apparatus is required. The book is adapted for both sexes. The exercises comprise directions as follows: how to stand; how to sit; how to rest; breathing; exercises for the fingers, wrists, elbows, shoulders, neck, hips, knees, ankles; a word about the muscles; the arms and thighs; shoulders and chest; waist; sides; back and abdomen; bowing; bending; twisting; the liver squeezer, etc., etc. Fully illustrated.

Price 10 cents.

No. 149—The Care of the Body.

A book that all who value health should read and follow its instructions. By Prof. E. B. Warman, the well known lecturer and authority on physical culture. The subject is thoroughly treated, as a glance at the following small portion of the contents shows: An all-around athlete; muscular Christianity; eating; diet—various opinions; bill of fare for brain-workers; bill of fare for muscle-makers; what to eat and drink; a simple diet; an opinion on brain food; why is food required? drinking water; nutrition—how food nourishes the body; a day's food, how used; constituents of a day's ration—beefsteak, potatoes, bread, butter, water; germs of disease; diseases peculiar to children; digestion—time required; dieting; milk; alcoholic drinks; tobacco; should clergymen smoke? corsets; methods of training; symmetrical development; the perfect man; the perfect woman; proper weight, height and measurement; the secret of not growing old; three rules for preventing wrinkles; physicians and drugs; Christian science; catching cold; bathing; the uses of salt; catarrh; a clear complexion; sleeping; insomnia; the care of the feet; color of the clothing; breathing; ventilation.

Price 10 cents.

No. 166—How to Swing Indian Clubs.

By Prof. E. B. Warman, the well known exponent of physical culture. The most complete work on this special subject ever issued. By following the directions carefully anyone can become an expert club swinger in a short time, as the diagrams are very plainly and intelligently drawn.

Price 10 cents.

No. 185—Health Hints. A series of articles by Prof. E. B. Warman, the well known lecturer and authority on physical culture. Prof. Warman treats very interestingly of health influenced by insulation; health influenced by underwear; health influenced by color; exercise, who needs it.

Price 10 cents.

No. 208—Physical Education and Hygiene.

By Prof. E. B. Warman. Contents: Basic principles; longevity; hints on eating—the process of digestion, food values, the uses of salt, medicinal value of certain foods, nutrition, food values compared, the efficacy of sugar, sugar food for muscular work, eating for strength and endurance, fish as brain food, food for the children, digestibility, a word about condiments, bread, appendicitis due to flour, why we eat some foods; hints on drinking—water, milk, buttermilk, tea, coffee, how to remain young; hints on bathing—cold, hot, warm, tepid, salt, Russian, Turkish, cabinet, sun, air; hints on breathing—breathlessness, heart strain, second wind, correct breathing, yawning, the art of Yogi, breathing as applied to bicycling.

Price 10 cents.

AMERICAN SPORTS PUBLISHING COMPANY, NEW YORK.

AT the Louisiana Purchase Exposition A. G.
